

## MESSAGE TO THE RUSSIAN PEOPLE SENT BY WILSON

### Expresses Sympathy On Eve of Gathering of Soviets

WASHINGTON, March 11.—On the eve of the gathering at Moscow of the Russian congress of Soviets which is to pass judgment on the German made peace accepted by the Bolsheviks at Brest-Litovsk, President Wilson has sent a message of sympathy to the Russian people through the congress with a pledge that the United States will avail itself of every opportunity to aid them in driving out autocracy and restoring Russia to her place in the world with complete sovereignty and importance.

The United States now recognizes no government in Russia, but the president cabled his message to the American consul at Moscow for delivery tomorrow to the congress, which is made up of soldiers and workmen's representatives and speaks for at least a considerable part of the Russian people.

Thus in his first formal word to Russia since that revolution-torn country under the leadership of the Bolsheviks deserted the allied cause the president indicates the purpose of the United States to disregard the hard terms upon which the German and Austrian war lords have promised peace to the Russians and to demand an accounting upon a very different basis when victory at last shall be achieved by America and the allies.

The president does not urge the Soviets to reject the peace treaty, tho the delivery of his message at this time may be interpreted as suggesting such a course. In fact it is conceded in official circles that there is scant ground for hope that the congress and what remains of a government in Russia will refuse to give approval to the German terms. Trotsky, the Bolshevik foreign minister has resigned and from Lenin, the premier, who apparently controls the regime nothing is expected. But there seems to be still a strong belief here that difficulty for Germany in the east by no means is ended, that the humiliating nature of the teutonic terms begins to be realized by the great mass of Russians and the tyranny of the war lords in occupied territory shows itself, there will be a new uprising that it will make itself felt. Whether or not anything resembling a strong central government capable of making organized resistance on a large scale is developed the hope here is that the determination of the great numbers of the Russians to fight oppression will find expression in some way that will give the Germans much to do in the east until the ultimate victory in the west about which no doubt is entertained, put the United States and the allies in the position to give that direct and effective aid of which President Wilson speaks.

Coming at the time it does the president's message may serve to lessen misgivings in Russia over the proposed intervention by Japan in Siberia. The understanding here is that there is no difference of opinion among the allies that any operations undertaken by Japan to check German machinations in the east and protect the war stores at Vladivostok was not in any degree to threaten Russia's territorial integrity.

The president's message telegraphed to the American consul general at Moscow for delivery follows: "May I not take advantage of the meeting of the congress of the Soviets to express the sincere sympathy which the people of the United States feel for the Russian people at this moment when the German power has been thrust in to interrupt and turn back the whole struggle for freedom and substitute the wishes of Germany for the purpose of the people of Russia. Altho the government of the United States is, unhappily, now in a position to render the direct and effective aid it would wish to render, I beg to assure the people of Russia that the congress that it will avail itself of every opportunity to secure for Russia once more complete sovereignty and importance in her own affairs and full restoration to her great role in the life of Europe and the modern world. The whole heart of the people of the United States is with the people of Russia in the attempt to free themselves forever from autocratic government and become the masters of their own life.

(Signed)  
"Woodrow Wilson."

## SECRETARY BAKER ARRIVES IN FRANCE

War Department Head's Movements on Other Side Will be Watched Closely—Trip Announced as Purely a Military Pilgrimage.

Washington, March 11.—Safe arrival in France of Secretary Baker and his party having been formally announced today by the navy department press reports about his movements on the other side are being watched closely here. Many officials think it possible that the story of his activities, if permitted to pass the censor, will throw interesting light upon the object of his mission to the theater of war.

Emphasis laid by the war department upon the fact that Mr. Baker's trip was purely a military pilgrimage, without diplomatic significance has directed attention to the known desire of President Wilson to see an end made of the war by the allies. With American troops holding a constantly increasing sector of the battle lines the wishes of the Washington government undoubtedly will have even greater weight than heretofore with the allied chieftains. Secretary Baker will be able to learn first hand from General Pershing the judgment of that officer on all that is going on in France. He will not only hear what the American leader thinks of the prospects for his own forces, but will get his views founded on long contact with the French and British war machines. It is assumed that the secretary is gathering just such information for the president and going over as he has done, backed by intimate knowledge of all that has transpired in the United States since this country entered the great war, he will be able to give as well as receive important information. The great question of the direction in which the United States is to exert its greater effort in the war may be decided on the result of these conferences abroad. There has been a constant conflict not only as to the use of ship tonnage as between the shipment of troops and the shipment of supplies for the allies but also as to the priority rights of various army supplies and equipment.

Aside from any particular object the war secretary's trip may have, he has been eager to get to the front ever since the United States entered the war. He has frequently told of flying Europe to Europe that he enjoyed them their opportunity to see world history in the making. Added to that is his great feeling of personal responsibility for the war preparations of the government.

## GERMAN AIRPLANES MAKE RAID ON PARIS

LONDON, March 12.—German airplanes raided Paris Monday night. The first warning was given at 9:10 o'clock when seven squadrons of German airplanes were reported on their way to Paris. Bombs were dropped at 10:15 o'clock.

London, March 12.—A Reuter despatch from Paris says that casualty and property damage resulted from last night's air raid, but details are unavailable.

The Germans carried out an air raid on Paris Friday night, but there has been no previous report of a raid Sunday or Monday night.

One of the German raiders over Paris last night was brought down in the flames and the crew was taken prisoner. A Havas despatch from Paris says.

The French official statement on the raid says that warning was given at 9:10 o'clock and that "all clear" was sounded at midnight. About sixty airplanes crossed the French lines. Thanks to the artillery barrage, which was maintained throughout the entire raid with great intensity, a number of machines were unable to reach their objective.

Nevertheless, the statement adds, numerous bombs were thrown on Paris and the suburbs. Several buildings were demolished or set on fire. The number of victims is not known.

## FOODSTUFFS PRODUCERS ADVISORY COMMITTEE

WASHINGTON, March 11.—An advisory committee of representative producers of foodstuffs and livestock has been formed by Secretary Houston and Food Administrator Hoover to give advice on National Agricultural problems. The committee will be called into conference frequently. Members of the committee selected with reference not only to large agricultural interests, but also to geographical considerations. The following were announced today as those of the number who already have accepted:

G. W. Hunt, Logan, Iowa.  
Oliver Wilson, Peoria, Ill.  
E. S. Brigham, St. Albans, Vt.  
David R. Coker, Hartsville, S. C.  
W. R. Dodsan, Baton Rouge, La.  
F. J. Hagenbarth, Spencer, Idaho.  
W. H. Jeffers, Plainboro, N. J.  
D. O. Mahoney, Virroqua, Wis.  
David P. Massie, Chaffinch, O.  
William F. Pratt, Batavia, N. Y.  
George C. Reedling, Fresno, Cal.  
Marion Sansom, Fort Worth, Tex.

## MAY SEND LIVE CHICKS BY PARCEL POST

Washington, March 11.—Live chicks may be sent by parcel post after March 15, provided they are properly prepared for mailing. In announcing this decision today the post office department order said chicks could not be insured or sent by express, but they could be sent by parcel post after March 15.

## MATCH ARRANGED

Atlanta, Ga., March 11.—Jack Dempsey and Gunboat Smith have signed to fight ten rounds here March 25, it was announced tonight. The match will be for the benefit of the Camp Gordon Athletic fund.

## ANOTHER ISSUE OF CERTIFICATES OF INDEBTEDNESS

\$5,000,000,000 Asked, Which Will Bear 4½ Per Cent Interest

WASHINGTON, March 11.—In announcing tonight another \$5,000,000,000 issue of 4½ per cent certificates of indebtedness in preparation for the third Liberty Loan, Secretary McAdoo gave out figures showing that only one half of the banks in the country subscribed for the last issue.

Of the 28,000 banks—20,400 state institutions and 7,600 national banks, 14,472 subscribed or the last issue, dated Feb. 27. To the issue of Feb. 8, the first after the secretaries request 12,550 subscribed.

Most subscribers were banks. All the issues were subscribed in full, however. The certificates offered tonight are to be dated March 20 and payment must be made between that date and March 22 when subscription books close. They are payable June 18, with the same privilege of being called for payment before that on ten days notice, as previous issues of the same nature have carried and will be received in payment of ordinary taxes and subject, only to estate or inheritance taxes, income taxes and excess profits taxes. In addition the interest of \$5,000,000 of the certificates held by anyone person or company is free from income surtaxes. When these certificates are subscribed \$1,900,000,000 of certificates issued in anticipation of the third loan will be outstanding.

The subscription goal which each federal reserve district will be expected to reach on this issue is as follows:

Boston	\$33,000,000
New York	173,000,000
Philadelphia	40,000,000
Cleveland	45,000,000
Richmond	18,000,000
Atlanta	15,000,000
Chicago	60,000,000
St. Louis	25,000,000
Minneapolis	15,000,000
Kansas City	25,000,000
Dallas	18,000,000
San Francisco	33,000,000

## CONSIDER NAVAL APPROPRIATION BILL

Made In Clarifying Some of the Rules of the War Revenue Acts Requirements.

Washington, March 1.—Regulations were issued today by internal revenue Commissioner Roper clarifying the war revenue acts requirement that each person or business interest making a payment of \$800 or more on income to another person or firm in 1917 must make a report to revenue officials. These reports are to be used in checking up the accuracy of other tax returns and it is estimated that several million such reports will be submitted by April 1, the latest date they are due.

Reports are not required in a number of cases, including the following:

Insurance payments, or payments to corporations or associations, bills paid for merchandise, telegrams, telephones, freight and similar charges, traveling or other expense payments to employees, wages or other compensation due in December 1917, but not paid until 1918; payments of rent to real estate agents, (agents are required to report payments to landlords.)

Factories employing large numbers of unskilled workmen, whose records are not kept continuously or where the workmen have left the company's employ are not required to report in many cases. Living quarters furnished by employers for their own convenience such as workmen's camps need not be included in the yearly compensation. Government agencies do not have to report payments to soldiers, sailors, or civilian employees since these records already are available to revenue officials.

## AN IMPORTANT EMBARGO IN WESTERN TERRITORY

CHICAGO, March 11.—An important embargo in western territory was announced by H. H. Aishton, regional director of railroads today, owing to the congestion on lines east of Chicago. Between 15,000 and 20,000 cars are tied up at western gateways because of the inability of eastern roads to receive them. The embargo will last until the congestion is cleared. Until then there will be no loading of cars except with commodities made preferential by the government, such as coal, coke, zinc, petroleum products, livestock and food for domestic consumption. The embargo does not apply to food for export. It is estimated that a week or two must elapse before the embargo can be modified.

## RELEASED TO ST. PAUL

New York, March 11.—William Piercy, a pitcher who came to the New York Americans from the Pacific Coast League two years ago was released today to the St. Paul Club of the American Association. Piercy played with the Toledo Club of the American Association last season.

## War News Summarized

American initiative has asserted itself on the Lorraine front in France. Three savage raids on the German line have been made by the Americans who reached the second line of enemy trenches before being ordered to return. During their stay in German-held territory they destroyed carefully built defenses and picked up much war materials. The American artillery assisted the infantry in the operation. A heavy barrage fire was laid down in front of the advancing Americans and the Germans had fled before the wave of infantry reached the hostile positions. After the Americans had been in the German trenches for a few minutes the German barrage fire was loosened on them, but the American guns answered shot for shot and silenced a number of batteries. The American artillery used gas shells with good effect. Near Toul the American heavy guns have been in action.

Three raids on the British line have been attempted by the Germans in the Armentieres sector but the British in spite of a heavy fire from the enemy's heavy guns repulsed the Teutons. The fighting has spread along the Flanders front. The press and Passchendaele sectors flaring in the official reports. The activities of the contending armies have spread farther south, encounters near St. Quentin being mentioned for the first time in recent weeks. Information received from German prisoners was responsible for the dislocation of German plans for heavy attacks on the British southeast of Houtholst wood. On February 20, February 28 and March 8, attacks were forestalled by a terrific British artillery fire and while an enemy attack on March 9 was repulsed, the British on Saturday succeeded in re-establishing their lines.

The British forces operating in Palestine have once more advanced north and northwest of Jericho. They have taken positions to a depth of 3,000 yards over a front of twelve miles. The Turks fought stubbornly at various points of the valley.

The resignation of Leon Trotsky, the Bolshevik foreign minister is explained by a report that he acted after a parrel with Nikolai Lenine, the premier, who insisted that the Russian people agree to the disastrous peace of Litovsk while Trotsky protested against submitting without a struggle. The only fighting reported in Russia is in the neighborhood of Kiev. Rasdylia and along the Shmerinko-Odesa railway where the Germans claim to have scattered bands of Russians. There has been fighting on a large scale on the Italian front. In the mountain sectors enemy attempts to advance have been checked, while along the Piave river the Austrians were defeated in an attempt to launch an offensive.

The air squadrons have been busy of late. The most spectacular of these operations was made by the Teuton airmen who raided Naples, the largest city in Italy. It may be that they started from their bases on the eastern shores of the Adriatic and flew over the sea and across Italy in their raid. British raiders have dropped large quantities of explosives on the enemy positions.

Expressing the complete sympathy of the people of the United States for the Russian people, President Wilson has telegraphed to the congress of Soviets which is holding a momentous meeting at Moscow. The president points out that altho the United States is at the present moment unable to give any direct aid to Russia, it is his wish to assure the people of that country thru its congress that the United States will avail itself of every opportunity to secure for Russia complete sovereignty and independence in her own affairs and full restoration to her rightful place in the family of nations.

## COMMISSIONER ROPER ISSUES REGULATIONS

WASHINGTON, March 11.—The house naval committee today began consideration of the annual naval appropriation bill as framed by the navy department and a naval subcommittee. The bill carries approximately \$1,300,000,000 for the navy for the next fiscal year but the amount would be made immediately available so the navy can meet promptly any emergencies that might arise. The measure provides for an increase of the enlisted force of the navy from 150,000 to 160,000 men.

Some members favor increasing the marines to sixty thousand officers and men with a view to putting a full division in France. The bill does not change the three year building program adopted by congress three years ago. Increases in the number of destroyers, patrol boats and other special types of craft made necessary by the war have been taken care of in special appropriation bills.

## A VITAL WAR SERVICE.

Washington, March 11.—Negotiations are in progress between the United States and the allies for the exemption from draft of the allies' nationals who are working in the navy and in the merchant marine and who are subject to draft under treaties now being negotiated. The United States desires to have the allies to recognize shipbuilding as a vital war service as the United States has recognized it in exempting Americans who are doing such work.

## WRESTLING CHAMPIONSHIP.

Chicago, March 11.—The National Amateur wrestling championship contests will be held on April 12 and 13 at the Chicago Athletic association under the auspices of the A. A. U. It was announced today. The events will be divided into nine classes and are expected to attract hundreds of contestants from all parts of the United States.

## HISTORY OF THE GERMAN AMERICAN ALLIANCE GIVEN

### Political Activities Described To Senate Committee

WASHINGTON, March 11.—Political activity of the German-American alliance and its subsidiary organizations was described to the senate investigating committee tonight by E. Lowry Humes, United States district attorney at Pittsburgh and Joseph Keller of Indianapolis, vice-president of the national alliance. The committee is holding a hearing on a bill to revoke the charter of the alliance on the ground that it is unpatriotic.

Mr. Humes who came into possession of the records of the alliance organization in Allegheny county, Pennsylvania, thru a grand jury investigation of the activities of German organizations opposing prohibition, testified that the Allegheny county alliance urged its members to support Charles E. Hughes in the last presidential election. His defeat was attributed by the alliance's executive committee as due to the support by that sabre rattling Roosevelt, according to the witness.

The Allegheny organization adopted a resolution in 1915 urging a special session of congress to pass a law prohibiting the shipment of munitions to the allies. Mr. Humes said, and after the United States entered the war the organization's executive committee advocated re-opening of mail communication with Germany under a censorship.

The district attorney further testified that the records of the organization showed that it had collected \$16,000 for German war relief before the United States entered the war and had sent to the German and Austrian embassies. It was brought out at the hearing here last Saturday that a great part of more than \$800,000 collected in this country by the National Alliance was turned over to Count von Bernstorff, former German ambassador to Dr. Dernberg, who was head of the German propaganda system in this country for some time.

Mr. Keller who recently completed a four year term as a member of the Indianapolis school board and has two sons in the army, admitted to the committee that the alliance actively supported measures and candidates opposed to Prohibition in Iowa, Texas, Ohio, Indiana, Illinois and Missouri. He said letters were written to voters and speakers sent into the states, this activity being in accord with a "working agreement" made with the national association of commerce and labor, which, he said, was organized by brewers to oppose prohibition. He admitted that such activity was not in strict accord with the purposes of the organization as set out in its charter. The alliance's vice-president denied personal activity in any unpatriotic work and said that if the organization is furthering any propaganda to foster a permanent Germanizing of immigrants, or doing other unpatriotic acts its charter should be revoked.

"I have two sons in the army and I am proud of my service badge," said the witness, adding that all his children have bought Liberty Bonds and are members of the American Red Cross. At the last meeting of the city alliance in Indianapolis, he said, \$100 was subscribed to the Red Cross and the alliance recently arranged to purchase \$700 in Liberty Bonds.

Senator King, of Utah, author of the bill to revoke the alliance's charter called the witness' attention to a text book said to be used in the schools of Indianapolis and in which it was said that the Kaiser's name is the only one appearing in that book as being worthy of the world's esteem. Mr. Keller said he knew nothing of the book and told the committee that if it is in use he would endeavor to have it taken from the curriculum. The school board, he added, has nothing to do with the selection of text books.

The witness denied knowledge of an article that appeared in a German language newspaper in Pittsburgh, written by George Siegel, formerly editor of the alliance's official bulletin in which it was said the declaration of independence should be "burned in effigy."

Other witnesses will be heard by the committee later.

## MAY GO TO FRANCE

Chicago, March 11.—Billy Sunday, the evangelist, said today that as soon as his Chicago engagement is completed he will go to France to visit the trenches.

"I know several officers who are over there and they have invited me to come," said Mr. Sunday. "If they'll let me I'll take a few shots at the Hunns. I expect to go as a mere visitor, but if they want I will be glad to hold meetings."

## CONFERENCE WITHOUT RESULT

St. Louis, March 11.—A conference today between representatives of striking department store clerks and a committee from the Associated Retailers' Association was without result due to the unwillingness of the employers to agree to reinstatement of all the clerks who have been on a strike. The strikes and walkouts in other industries are still on.

## DISCUSS PLANS FOR ANNOUNCING CASUALTIES

Department Officials Considering Adopting the European Custom of Publishing Lists Weekly or Semi-Monthly Instead of Daily.

Washington, March 11.—In discussions today of the war department's new policy of announcing names only in the casualty lists from France, it developed that department officials are considering adopting the European custom of publishing casualty lists weekly or semi-monthly instead of daily.

This plan has been suggested on the ground that it would effectively conceal from the enemy the losses in particular engagements or series of engagements. Even if it is approved by the general staff, however, final action is expected to await return of Secretary Baker from Europe.

Lacking instructions to the contrary from President Wilson the department probably will adhere strictly to its decision to eliminate dates, designations of units to which the men belonged and their home addresses in the daily lists.

Major General March, acting chief of staff, and the officers immediately around him are in agreement, it is understood, that General Pershing's judgment was accepted on all questions of this character. As the man on the ground he is regarded as best fitted to gauge the results at the front.

Since relatives of the men killed or wounded are promptly informed, it is argued that no hardship is imposed by the new order upon those most nearly concerned. The staff officers therefore contend that if there is the slightest chance that the giving out for publication of any more than the names of the men being of military value to the enemy that practice could not be defended.

In this connection an incident was disclosed today to throw light on the extent to which the enemy goes in watching press reports. Several months ago an item in an American paper regarding troops in France, the name of a village at which some of the men were quartered was mentioned. It was an unimportant point and had never been visited by enemy aircraft but after the publication raids swooped down on the town three times in succession during the same night. Many bombs were hurled at this one town and there were civilian casualties.

Two casualty lists were issued by the department. There was none yesterday and it was assumed the list called today contained names called by General Pershing yesterday.

Today's list contained ninety names, six less than were reported in the two lists issued Saturday. They showed:

One lieutenant and 31 men killed in action.

Five men severely wounded.

Two lieutenants and 26 men slightly wounded.

Five men dead from wounds.

One lieutenant and three men killed in accidents.

Thirteen men dead from disease.

Three men previously listed as missing now reported as prisoners in Germany.

The second list issued today showed 28 men killed in action, the largest number ever reported by General Pershing in a single day.

## Casualties

WASHINGTON, March 11.—An additional casualty list issued tonight by the war department contains the names of Lieutenant John H. David and 27 men killed in action, Lieutenants Ralph M. Davenport and Stephen C. Markoe and five men slightly wounded and one private severely wounded.

The list also showed one private dead from wounds, three men killed in accidents and five dead of diseases. Three men previously listed as missing were reported prisoners in Germany.

The men killed in action were Corporals Ralph R. Flora and Edward F. Sullivan and Privates George Adkins, Michael Ahern, Oscar Ammon, Thomas G. Bragg, Patrick Britt, Joe D. Brakefield, Arthur Christfully, Frank T. Cockrell, William Drain, Philip Finn, Edward L. Fitch, John J. Haspel, Arthur V. Hegeny, George E. Hovey, Edward J. Kearney, James B. Kennedy, Peter Laffey, Fred R. McGill, Frank A. Meagher, William A. Moylan, James E. Mulvihill, William N. Sage, Walter W. Sanders, George S. Sanford and Robert Snyder.

Private Hugh I. Hunt died of wounds and Corporal Marshall Jones and Privates Frederick E. Pieper and John Uhlanik were killed in accidents.

Those dying of diseases were:

Privates Carl S. Burgett (Empyema); James C. Flowers (meningitis); John K. Horton (meningitis); Clarence V. Legal (pneumonia); and Abram Honeyman (phthisis). Private Herman D. Gentry was severely wounded and the slightly wounded were Corporals Charles Starace and Frederick C. Carter and Privates John K. Benton, Guste Olson and John Openshaw.

Privates John W. Hill, Hugh Lewis and Frederick W. Galley are the missing men who now are reported held as prisoners.

## FOUND DEAD IN RIVER

Rock Island, Ill., March 11.—The body of Henry Hohenboken, wealthy Oolia farmer, who disappeared last week, was found today in the Green river. He had suicided. It is believed the act was due to worry over the amount of income tax he was told he would have to pay.

## PRESIDENT WILSON URGES ENACTMENT OF OVERMAN BILL

### Insists On Passage of Measure In Its Original Form

WASHINGTON, March 11.—President Wilson today renewed his request for enactment of the Overman bill giving him greater power to coordinate and re-organize government departments and was said to be insistent upon its passage substantially in the form originally presented to congress.

After a conference with the president Senator Overman of North Carolina, author of the measure said it appeared probable that a compromise could not be reached and that the dispute "would have to be fought out."

President Wilson was represented as refusing to accept a compromise proposed by Senator Smith of Georgia to limit his authority to the army, navy and shipping board. Senator Overman said he would oppose such a limitation, and added that the administration has enough votes in the judiciary committee to secure a favorable report on the bill as it was introduced.

Senator Smith submitted his amendment to the committee today and it is understood to have been presented by Senator Overman to the president. Senator Overman said the committee probably would approve amendments providing that the president's authority under the bill shall not extend to the federal reserve board, the interstate commerce commission and a few other agencies.

The committee which will meet again Wednesday when it probably will be given the president's views by Senator Overman today adopted an amendment prohibiting the president from creating any new agency in any re-organization of departments he might undertake.

## DISCUSS HIGH COST OF LIVING IN WASHINGTON

House Considers Bill to Prevent Exorbitant Rentals and Hotel Rates.

Washington, March 11.—Prices of everything householders must pay for from pork chops to rent were discussed in the house today during consideration of the bill designed to prevent exorbitant rentals and hotel rates in Washington. While admitting that some rentals particularly those for furnished houses and apartments were very high opponents of the measure disagreed with the theory of trying to regulate these charges on the ground that it would lead to the fixing of prices of everything sold in the capital.

Charges that profiteering was running rampant and that the people who have come to Washington for war work were the chief sufferers were met with declarations that similar conditions obtain in all cities that are centers of war activity and that the great majority of people coming here now do so in the hope of bettering their own conditions. Representative Graham of Illinois, said prices of delivered groceries here were 33 1-3 per cent higher than in cities of similar size and Representative Howard of Georgia, declared that a single man in Washington earning \$100 a month had left after paying actual expenses. The bill, which will come up for a final vote tomorrow, provides for a percentage increase of rents over last year, certain charges for furniture and allows consideration of heat and other services when arriving at rents for apartment houses.

## MEMORY OF GEORGE VON L. MEYER HONORED

Washington, March 11.—The memory of George Von L. Meyer, who died at Boston Saturday, was honored today by the government. Secretary Daniels designated Rear Admiral Spencer S. Wood, commandant of the First Naval District, and Rear Admiral L. C. Palmer, chief of the bureau of navigation, to represent the navy at the funeral. At the post-office department flags were ordered at half-mast.

Mr. Meyer was secretary of the navy under President Taft and Postmaster General under President Roosevelt.

## WILL CONTINUE IN OFFICE

Madrid, March 10.—Premier Marquede Alhucemas, who yesterday presented his resignation of the cabinet a declined to form a new ministry, tonight yielded to the arguments of King Alfonso and agreed to continue in office. No changes will be made in the cabinet.

aster to that country. It is not too  
early now to make it impossible for  
Mr. Trotsky to find entrance in the  
East Side of New York.

## DESTROYING U-BOATS.

First Lord of the Admiralty Geddes, addressing the house of com-  
mons, informs the English people  
that the submarine menace has been  
curbed. The U-boats, he says, are  
now being destroyed more rapidly  
than Germany can replace them. The  
head of the English admiralty frank-  
ly admits that this result has been  
brought about because of the effec-  
tiveness of the American navy. Its  
work, he says, has turned the tide  
in the Atlantic. In the zones  
where American ships are not yet co-  
operating with the Allies, the Teu-  
ton submarines still hold the advan-  
tage.

## NO PESSIMISM IN THE TRENCHES.

General March said a cheering  
thing when he recalled the remark  
of General Roberts, formerly chief  
of the British general staff, that  
whenever he felt discouraged he  
found it helpful to visit the trenches.  
"There is no pessimism at the front,"  
added General March. "That is the  
message General Barry brought  
back from the front. Major Freder-  
ick Palmer, newspaper correspondent,  
who arrived here recently, was  
surprised to find so much pessimism  
around Washington; he had en-  
countered none of it in France. It  
would be well for people 3,000 miles  
back from the front to catch the con-

tagion of confidence from the men  
who are in actual contact with the  
German line.

The President has been empow-  
ered by France, England and Italy to  
draft alien citizens in this country.  
They enjoy all the rights and privi-  
leges of this country and come from  
governments whose existence is  
threatened by the war. They should  
be subject to the draft.

## THE CROWNING TRAGEDY.

The New York World says that  
pitiful as is the account given by  
the Belgian Legation of the gradual  
extinction of the Belgian people, it is  
but a part of a vaster tragedy.  
Wherever the arms of Kultur have  
placed a "fertilizer folk" under Ger-  
man rule—in Poland, Belgium, Ser-  
bia, Roumania, Armenia, France,  
Italy—the selling of the able-bodied  
into slavery and the starvation of the  
rest to make room for Germans go on  
with coldly calculated brutality.  
This is the crowning tragedy of the war.

## AMMUNITION AND ITS USE.

A Washington correspondent gives  
us something on Uncle Sam's situa-  
tion with regard to ammunition and  
ability to use it.

First, great chemical plants are  
being rapidly developed for the  
production of nitrates, through their  
fixation from the atmosphere. Un-  
doubtedly these plants will be con-  
tinued and, probably enlarged,  
when peace comes, and the produc-  
ers of the country will have cheaper  
fertilizer. Nothing will grow with-  
out nitrogen, and cheap fertilizer is  
bound to be one of our tremendous  
problems, very soon, in all the agri-  
cultural regions east of the Missis-  
sippi, particularly. You simply can-  
not take nitrate out of the land and  
keep on raising things from it, and  
heretofore we have been almost  
wholly dependent upon Chile for this  
essential. Fixation of nitrogen from  
the air is one of the very greatest  
undertakings of the government in  
this war.

Secondly, our advantage in the su-  
periority of American marksmanship  
is not overestimated by Mr. Hunt.  
It has been America's advantage in  
every war she has ever fought, and  
decided many a battle. There is lit-  
tle doubt but in the final scenes of  
the present war it will be the bullet  
rather than the grenade or bomb  
that will decide matters. We are  
giving to the allies something more  
than mere troops. We are giving  
the best soldier marksmen on earth.  
The many millions that America  
the years of peace, are now going to  
has spent on target practice, through  
yield dividends.

## A PATRIOTIC WOMAN.

Mrs. Emma Brantley of McAdoo,  
Texas, not long ago received from  
the treasury department two checks  
for \$70, representing the allotment  
made to her from his pay by her  
husband, the amount which the gov-  
ernment adds to every allotment.  
Enclosing the check to its readers  
she wrote this letter:

January 26, 1918.  
Treasury War Risk Insurance,  
Washington, D. C.

I will state that I don't need any  
allowance at present, and don't want  
to take anything from the govern-  
ment that is needs in a time like  
what we have got to have.

Emma Brantley,  
McAdoo, Texas.

Here is the letter Mrs. Brantley  
received in reply:

Dear Mrs. Brantley—

I have your letter of January 26,  
with which you returned allowance  
and allotment checks for November  
and December totaling \$70, sent you  
by the Bureau of War Risk Insur-  
ance of the Treasury Department.  
You have evidenced a splendid spirit  
of patriotism in sending this money  
back to the government, but since  
it legally belongs to you I assure you  
that you need feel no hesitancy in  
accepting it. I therefore return the  
checks to you. Should you desire  
to place the money at the disposal of  
the government I would suggest that  
you invest it either in a Liberty Bond  
or War Savings Certificate.

Sincerely yours,  
W. G. McAdoo.

## Rippling Rhymes

By WALT MASON

The Robin.

Now up he comes, a-bobbin', the  
cheerful early robin, I saw him on

the lawn; his song grows sweeter,  
clearer, "The Spring is drawing  
nearer," and winter's almost gone!"  
My goosebroke's lost its glamor; I  
broke it with a hammer, and threw  
it off the place; the groundhog  
muzzled it badly; his wires were  
crossed so sadly, he's almost in dis-  
grace. The human seers, at guess-  
ing, are painful and distressing, they  
are not wearing bells; but when the  
robin twitters of spring to weary  
critters, we bank on what he tells  
"Cut out the grief and sobbin'"  
thus sings the early robin, "And  
dry your briny weeps! Old winter's  
slipped his tether, his rude un-  
polished weather will soon be gone  
for keeps!" Now bring from dusty  
garrets the seed of beans and car-  
rots and squash and things like  
those; oil up the rusty mower, the  
drill and patent sower, and sharpen  
spades and hoes. Now paw your  
winter raiment; the coin you get in  
payment invest in lines and poles;  
far from the strife and jangle you  
soon may sit and angle where some  
bright streamlet rolls. "Hitch up old  
trusty Dobbin," pipes forth the early  
robin, "plow up your wasteful lawn;  
raise corn instead of grasses and  
when the summer passes you may  
wax fat thereon!"

## COW TESTING RECORDS

FOR FEBRUARY GIVEN

Potter Bros. Herd Made Best Show-  
ing for the Month — Poor Cows  
Culled Out.

During the month of February the  
Jacksonville-White Hall association  
had 352 cows on test. Seven more  
cows were culled out during the  
month, the records showing them un-  
profitable. Because February is a  
short month, the records do not equal  
those of January. The highest pro-  
ducing cow showed a record of 55.80  
pounds of butter fat during the 28  
days. She is owned by Potter Bros.

The highest producing herd for  
the month is also that of Potter Bros.  
The herd average for 12 Holstein  
cows was 28.5 pounds of butter fat  
per cow. This herd originally in-  
cluded 18 cows but after testing com-  
menced the poorer cows were culled  
out, so that now only 13 are included.  
March 4 these cows were again  
tested and 12 of them in milk pro-  
duced an average of 33 pounds of  
milk and 1.25 pounds of butter fat  
per day.

This day's record if an average for  
the month would mean 1023 pounds  
of milk and 38.75 pounds of butter-  
fat per cow. If this record is main-  
tained it will be the highest of any  
of the herds in the association for  
the past ten months. The record for  
February shows the following own-  
ers and averages:

Potter Bros.—Grade Holstein, 1117  
pounds milk, 5 per cent fat, 55.85  
pounds butter fat.

Potter Bros.—Grade Holstein, 1187  
pounds milk, 4 per cent fat, 47.45  
pounds butter fat.

Potter Bros.—Grade Holstein, 1065.2  
pounds milk, 4.3 per cent fat, 43.22  
pounds butter fat.

J. P. Doan—Grade Jersey, 1080.2  
pounds milk, 4.6 per cent fat, 49.72  
pounds butter fat.

J. P. Doan—Grade Jersey, 994  
pounds milk, 5 per cent fat, 49.70  
pounds butter fat.

J. P. Doan, Grade Holstein, 888.8  
pounds milk, 5.2 per cent fat, 46.2  
pounds butter fat.

Otis Johnson—Grade Jersey, 879  
pounds milk, 5.3 per cent fat, 46.61  
pounds butter fat.

Otis Johnson—Grade Jersey, 932.4  
pounds milk, 4.6 per cent fat, 42.80  
pounds butter fat.

School for Deaf, Grade Holstein, 1086.4  
pounds milk, 4.2 per cent fat, 45.63  
pounds butter fat.

School for Deaf—Grade Holstein, 963.2  
pounds milk, 4.2 per cent fat, 41.43  
pounds butter fat.

School for Dea—Grade Holstein, 870.7  
pounds milk, 4.7 per cent fat, 40.73  
pounds butter fat.

Perkins Bros.—Grade Holstein, 1-  
456 pounds milk, 3.8 per cent fat,  
55.53 pounds butter fat.

## MATRIMONIAL

Schluter-Bishop

Miss Ruth Tefft of the Woolworth  
5 and 10 cent store has received  
word of the recent marriage of her  
friend, Miss Iva Bishop, well known  
in this city. The Altan paper received  
by Miss Tefft says:

Fred Schluter surprised his  
friends today by admitting that he  
was married a week ago, last Tues-  
day to Miss Iva Bishop of White Hall.  
The marriage occurred at the parson-  
age of the Grace M. E. church, the  
ceremony being said by Rev. Fred  
Bucholz in the presence of two wit-  
nesses, who kept the secret a while  
just for fun.

Mr. Schluter is associated with  
his brother John Schluter, in the  
conduct of the barber shop at 702  
East Broadway and the couple are  
making their home in the Fred Meyer  
flat. Their friends extend con-  
gratulations and best wishes.

## FOR SHERIFF.

I hereby announce myself as a  
candidate for the Republican nomi-  
nation for sheriff, subject to the  
primary election.

## WITH THE SICK

John Holley is still under the doc-  
tors' care after having two or more  
ribs fractured and is getting along  
nicely. The accident happened on  
last Tuesday while Mr. Holley was  
unloading hay at the farm, five  
miles east of town.

James M. Rogers is confined to  
his home, 713 North Prairie street,  
by illness.

## DEATHS

Johnson.

Mrs. Letitia Hicks Johnson resid-  
ing four and one half miles north-  
west of the city died at Our Savior's  
hospital at 9 o'clock Monday morn-  
ing after an illness of several  
months. She was born in Cobden,  
Ill., September 2, 1883 and has been a  
resident of the state all her life.  
Besides her husband she is survived  
by her parents, two brothers, Iva  
Hicks of Cobden and W. C. Hicks of  
Centralia, one half brother Hosea  
Hicks of Tennessee and one half  
sister, Mrs. William McCormick of  
Goreville, Ill. The remains were  
removed to the undertaking parlors  
of W. W. Gilliam and prepared for  
burial and will be taken Tuesday to  
Cobden where services will be held  
and interment made.

Denby.

Mrs. Thomas Denby, one of the  
pioneer residents of this section of  
the state died at her home west of  
the city Sunday morning at 9 o'clock.  
Deceased was the daughter of Mr.  
and Mrs. Alexander Wells and was  
born on a farm near Winchester Sep-  
tember 16, 1832. She was the fifth  
child of a family of ten, four brothers  
and six sisters.

She was united in marriage to  
Thomas Denby December 17, 1846.  
He preceded her in death August 7,  
1913. To this union five children  
were born, one of whom died in in-  
fancy. Those surviving are: Mrs.  
Thomas Graves, Mrs. Mary Ellen  
Ransford and Mrs. John Leach. Mrs.  
Sarah Killam, another daughter, pre-  
ceded her in death. She also leaves  
two grandchildren, Denby Killam  
and Mrs. Grace McFarland who have  
made their home with her and one  
brother, John C. Wells of Ventura,  
Calif.

Mrs. Denby was a member of West  
Liberty church, uniting with that  
church over seventy years ago. She  
was always active in all departments  
of the church and a faithful follow-  
er of Christ. She was especially be-  
loved in the community in which she  
lived, being affectionately known to  
old and young alike as "Grandma".  
Denby. Her kindness and good deeds  
extended over a wide field and her  
going will bring sorrow to many  
hearts.

Possessed of a wonderful memory  
Mrs. Denby could recall many events  
of the early days. She also was a  
great reader and until her eyesight  
failed she was a constant reader of  
the Bible. Her favorite passages in  
the Bible were Psalms 23 to 31  
and the 12th chapter of Romans.  
In the closing years of her life she  
greatly enjoyed having someone read  
to her.

Funeral services will be held from  
the residence five miles west of the  
city this afternoon at 2 o'clock with  
burial in Liberty cemetery. Friends  
are requested to omit flowers.

## PYTHIANS WENT TO WAVERLY.

A party of Pythians, mainly offi-  
cers of No. 376 Favorite lodge, went  
to Waverly last night in automobiles  
to exemplify the work in the rank  
of Page. The party included W. E.  
Hall, chancellor commander; George  
Gerlach, vice chancellor; Lee Stiles,  
prelate; Charles Godfrey, master of  
work; Henry Landeman, master at  
arms; Ivan Ingram, inner guard; C.  
J. Winterbottom, outer guard, and  
the following: L. B. Turner, O. H.  
Cook, Henry S. Greenstone, W. E.  
Armstrong and J. E. Scott. The party  
took with them as a candidate Glenn  
Howard and the work was put on  
with a large company of Pythians  
present. Following the work re-  
freshments were served and a smoker  
enjoyed.

## SUIT FOR DIVORCE

Mrs. Hazel Nunes, by her attorney,  
Carl E. Robinson, has brought suit  
for divorce from her husband, Ben  
Nunes. They were married in  
February, 1910, and lived together  
until recently. Mrs. Nunes charges  
her husband with repeated acts of  
cruelty. She asks an injunction for  
the protection of herself and child  
and it was ordered to issue by Henry  
W. English, master in chancery.

### Surprise Party

For Miss Gustafson.

A number of friends of Miss Cath-  
erine Gustafson of South East street  
very agreeably surprised her Monda-  
evening on the occasion of her sev-  
enteenth birthday. The party of  
young folk under the careful plan-  
ning of Misses Alice Leake, Thelma  
Ashley and Leola Spencer, went to  
the Gustafson residence in a body  
and the surprise on Miss Catherine  
was complete. Games and music  
were the features of the evening.  
The guests presented Miss Gustafson  
with a ring set with a bloodstone. At  
a late hour refreshments in keeping  
with St. Patrick's day were served  
by the self invited guests. Among  
those present were Edith Strand-  
berg, Thelma Ashley, Allie Leake,  
Edna Leake, Leola Spencer, Leona  
Mitchell, Maude Owens, Katherine  
Owens, Georgia Hettick, Ruth  
Swanson, Edna Hobbs, Augusta  
Carlson, Irene and Catherine Gus-  
tafson, Mr. Clemons, George Gunn,  
Dean Hembrough, Ben Inskip, Rus-  
sell Bennett, Russell McPhail and  
James Burnett.

Debate: Resolved, That the build-  
ing of an impounding reservoir in  
the vicinity of the south side pump-  
ing station is the logical solution of  
Jacksonville's water problem.  
Affirmative was upheld by Ragan  
and Brennen. Negative by Goff and  
Barnes. Decision was awarded to the  
affirmative.

### BILLY SUNDAY REMEMBERS

JACKSONVILLE FRIENDS.

Miller Weir was in Chicago Sun-  
day and was one of the great throng  
which attended the meeting address-  
ed by Billy Sunday. That the great  
evangelist does not forget his friends  
in the cities he has visited was well  
evidenced when Mr. Weir pressed  
forward with thousands of others to  
greet Mr. Sunday personally.  
The evangelist saw him in the  
throng before he reached the plat-  
form and shouted out "How are my  
good friends Andrew Russell, Felix  
Farrell, Robert Hockenbuhl and that  
young newspaper man Bancroft?  
Give them and all my Jacksonville  
friends my love." A few moments  
later Mr. Weir had a brief conver-  
sation with Mr. Sunday and he seem-  
ed deeply sorry to learn that Mr.  
Hockenbuhl had passed away since  
he was in Jacksonville.

### VICTIM OF HIGHWAYMEN

Ernest Laboyteaux was held up at  
the alley running by Centenary  
church about midnight Saturday  
night by two highwaymen. The men  
had handkerchiefs tied over their  
faces and shoved a revolver under  
LaBoyteaux's nose and relieved him  
of cash to the amount of \$150. The  
robbers overlooked some small  
change in another pocket and did  
not molest his watch. The robbery  
was reported to the police but no  
clue has yet been discovered.

### TO ENTER THE ARMY SERVICE.

Robert H. Reid will probably leave  
today for Jefferson Barracks where  
he is enlisted in the aviation section  
of the signal corps. Mr. Reid, who  
is a son of Dr. and Mrs. David W.  
Reid, is an experienced photographer  
and will thus be able to do valuable  
work in the department of the army  
in which he has enlisted.

### SPECTACULAR ACCIDENT CAUSES ONE DEATH

SAN ANTONIO, Texas, March 11.—Lieutenant Jaron L. Mitchell, Eudora, Miss., was instantly killed. Cadet Joseph C. Wakefield seriously injured and Cadet Pemberton slightly injured in an airplane collision at Kelly Field No. 2, tonight.

It was the most spectacular accident since the establishment of the flying fields here. It was witnessed by several hundred cadet flyers.

Mitchell and Wakefield were returning from a cross country flight and Pemberton, flying alone, appeared from another direction. Three hundred feet above the ground the two machines collided, locked and fell in a twisting spiral.

Lieutenant Mitchell was dead when cadets reached the scene of the crash. Wakefield's thigh was fractured and he received serious cuts about the body.

Pemberton was only bruised. Cadet Pemberton came to Kelly Field from Downey, Calif. His father is Joseph C. Pemberton. Cadet Wakefield came from Colchester, Ill. His mother, Mrs. Della Wakefield, was notified of her son's injury.

At the base hospital, Fort Sam Houston, it was said Pemberton's injuries were minor and that Wakefield has a chance for recovery. Both are experienced flyers. Hazy atmosphere is considered a possible cause of the accident.

### EXPERTS ANTICIPATE UNFAVORABLE REPORT

WASHINGTON, March 11.—Naval experts anticipate an unfavorable report from the board headed by Rear-Admiral Albert C. Winterhalter, which has just completed tests of the former Austrian Steamer Lucia which has been equipped with interior buoyancy boxes designed to make her unsinkable.

That the ship will remain afloat after receiving injuries which would sink a craft of ordinary construction is conceded, but constructors are of the opinion that the buoyancy boxes would not prevent a torpedo damaging the vessel to such an extent that she would be of no further value as a supply ship or cargo carrier.

In taking this position naval engineers endorse the decision already reached by the shipping board.

Proponents of the buoyancy box idea are expected to press for its adoption in the case of army transports holding that even if the vessel when torpedoed settles until her decks are awash the lives of most of those on board still would be protected. It is not believed, however, that this advantage will impress navy constructors sufficiently to win their endorsement.

### START SPRING TRAINING

## HEAR ARGUMENTS AGAINST PROHIBITION

ALBANY, N. Y., March 11.—For the second time this year New York legislative committees today listened to lengthy arguments for and against the ratification of the federal prohibition amendment. Today's hearing was called on two bills; one to provide for war prohibition in this state, except in the case of beer and light wines, and the other to authorize a statewide referendum on the prohibition question. Both measures were subordinated, however, to discussion of the ratification resolution, action on which is set for tomorrow in the assembly, where a spirited debate is promised. The hearing today was before the senate committee on taxation and retrenchment. No one appeared in favor of the beer and light wine bill, which was introduced by the committee. Representatives of allied temperance interests in a general way opposed the proposed state constitutional amendment, claiming that it, and all other measures, except the ratification resolution had been introduced simply to detract from the federal proposal. Representatives of the liquor trade, both operatives and investors, hotel and restaurant men and organized labor argued for either a referendum or submission of a state constitutional amendment or both. They vigorously opposed the ratification plan.

The days had present a large delegation of representatives from cities where local option elections are to be held this spring.

## PROFITEERING IN SEEDS CHARGED

WASHINGTON, March 11.—Profiteering in seeds was charged by Secretary Houston and Food Administrator Hoover in a joint statement tonight which said that prompt action in such cases would be taken wherever specific information was submitted. Many complaints of abnormally high prices are being received.

"Without adequate distribution of seed at reasonable prices there is danger that acreage will be lessened and the seed of poor quality will frequently be used," the statement said. "If such conditions were to develop it would seriously impair our national food program."

Some increases in prices of certain seeds was said to be justified by the shortage of supply and the increased cost of doing business. The two officials were emphatic, however, in holding that this did not justify anyone in taking "selfish advantage of the opportunity to the detriment of the country."

Speculation in seeds especially was deprecated and dealers under federal license were warned that if they engaged in such practice they would be dealt with severely. Tribute was paid to "patriotic" state associations of seed growers and the war service committee of the American seed trade association for co-operation in preventing excessive profits.

## TO PERMANENTLY UPROOT ALL GERMAN INFLUENCE

Senator Approves Legislation Authorizing Sale of Enemy Property in This Country.

Washington, March 11.—Legislation authorizing the sale of all enemy property in this country, requested by the alien property custodian to permanently uproot German commercial influence, was approved today by the senate and added to the urgent deficiency appropriation bill. An amendment empowering the president to acquire title to the German Steamship company's docks and wharves at Hoboken, N. J., also was accepted.

The vote on the provision for sale of enemy property was unanimous 84 to 0 and came after several hours' scathing denunciation of German Kultur and intrigues for world domination.

The senate tentatively accepted by a vote of 33 to 28 an amendment introduced by Senator Freylinghuysen of New Jersey providing for the sale of German property at public auctions and to American citizens only. Enemy property within the meaning of the law is property owned in an enemy country and official assurances have been given that there is no intention to interfere with the property or money of Germans or Austrians living in this country. The purpose is to sever forever the hold of Germans in Germany upon vast commercial and industrial enterprises in the United States which have been closely connected with the Kaiser's government serving as outposts of the Teutonic movement for world dominion.

Under the trading with the enemy act the alien property custodian takes possession of and administers these properties, but is without authority to finally dispose of them. The new legislation will empower him to place them in American hands.

Virtually the only questions raised in today's debate were the possibility of violating the treaty of 1799 between Prussia and the United States and of too hasty action by congress. The expected opposition to the provision for purchase of the Hamburg-American and North German Lloyd docks at Hoboken failed to materialize.

Prompt approval of both provisions by the house is expected soon as the senate finally disposes of the \$2,000,000,000 urgent deficiency appropriation bill to which they are added.

Before the senate acted Democratic Leader Martin presented a memorandum from the state department's legal bureau declaring that the 1799 treaty was not regarded as applicable.

What is to be done with the proceeds of the sale of German interests which some senators today suggested are owned in part by Emperor William himself is a policy to be determined later.

In making this clear, Senator Martin vehemently declared that he believed personally that Germany should not receive one dollar until she compensates Americans for property illegally destroyed.

"Speaking for myself, and I think the American people," said the senator, "if the German people ever get any compensation, it will be after they have compensated the American people for the millions—I would even say billions—of dollars worth of property they have ruthlessly destroyed."

Quoting from statements of A. Mitchell Palmer, the alien property custodian, when he appeared before the senate appropriations committee in urging the legislation, Senator Martin said many of the German owners had returned to Germany and now are waging war on this country.

"It is inconceivable," he added, "if we are to make any accounting that it shall be made without an accounting from Germany for the destruction made of property of American citizens. God forbid that I should protect interests of the German people any more than I am compelled to."

That Germany regards the 1799 treaty as "a mere scrap of paper" was asserted by Senator Underwood of Alabama, who said the treaty does not interfere with the sale of German property proposed.

"Let the junker know that America is fighting in earnest," said Mr. Underwood. "It is entirely probable that the German emperor himself, holding in the name of other persons, owns a large part of the property involved."

Senator Stone of Missouri chairman of the foreign relations committee said that examination of the treaty of 1799 and various authorities of international law convinced him that the amendment authorizing the sale of enemy property was proper. He said his purpose in asking that consideration of the amendment when called up last Saturday be postponed was to permit him to make this inquiry, for if the amendment conflicted with the treaty he did not think the United States should follow a bad example in the treatment of our obligations as scraps of paper.

"The proud thing in our history is the fact that the United States adheres even if it might be to its great disadvantage, to its solemn faith and pledge," Senator Stone added. "I wanted to look into this matter. As a result of my investigations I concluded that this legislation was proper and hence was taking no part in the discussion."

In urging his amendment providing for public auction sales of enemy property, prohibiting private negotiations, Senator Freylinghuysen said his purpose was to protect American minority stock interests in German-owned corporations. He also urged that the alien property custodian's act should be subject to review. Senator Martin opposed the amendment which is subject to a final vote later, on the ground that it might handicap Mr. Palmer's action.

## GERMANS CONTINUE POWERFUL TRENCH RAIDS

LONDON, March 11.—The Germans continue their powerful raids of the British lines in the Ypres sector, around Armentieres and at various other points along the front. The report from Field Marshal Haig says:

"Following a heavy bombardment of our trenches in the neighborhood of Armentieres the enemy this morning three times raided our posts in this sector. In one locality the raiders were driven off in the other two localities the enemy was repulsed with loss after fighting as a result of which five of our men are missing, we captured a machine gun."

"This morning also the enemy attempted a raid on a large scale in the Ypres sector. Parties of hostile infantry attacked our line northwest of Passchendaele on a front of a thousand yards. They were everywhere repulsed with heavy losses. We secured a few prisoners. During the night one of our positions south of Houtholst forest was entered by a hostile raiding party but immediately recaptured. Four of our men are missing."

## BRITISH TROOPS IN PALESTINE ADVANCE

LONDON, March 11.—Another advance in Palestine by the British troops is officially reported a forward movement of about a mile and three quarters on a front of twelve miles having been made on Saturday and Sunday.

The text of the statement says: "On Saturday night and Sunday our northward advance astride the Jerusalem-Nabulus road continued thru a most precipitous and difficult country in the fact of obstinate resistance by the enemy who employed numerous machine guns from concealed positions."

"Progress was made to about three thousand yards on a front of twelve miles, the high ridges overlooking the north bank of the Wadi El Jeb being secured and three counter-attacks launched against the important section of these ridges between Sheikh Sales and Burj El Lisaneh, east of the road, being repulsed. Further east our new lines north of Wadi El Aufeh have been constructed."

## ILLINOIS HAS LOST 100,000 FARM WORKERS

CHICAGO, March 11.—That Illinois has lost 100,000 farm workers from the 200,000 farms in the state because of the war and that these must be replaced this year was the declaration of Burrigide D. Butler, federal state director of the boys' working reserve today.

"It's come thru with the labor, or get licked in the war," said Mr. Butler, "and boys are the only thing we have. March 18 is the week for the big nationwide enrollment of boys from 16 to 21 years old and it will be so proclaimed by the president."

"One ninth of the crop of the United States is raised in Illinois and it is up to us to get the boy on the farm. There will be a good home for every boy who applies. We expect to place between 600,000 and 800,000 boys in the United States this summer."

## OHIO COURT HOUSE DESTROYED BY FIRE.

Springfield, O., March 12.—Fire broke out in the Clark county court house at one o'clock this morning (Tuesday) and at 1:45 a. m. was burning furiously and the entire structure seemed doomed.

Fire Chief Hunter said the building was lost. The building was erected in 1881 and cost approximately \$100,000.

## ORDERS INVESTIGATION

Peoria, Ill., March 11.—Circuit Judge Green today ordered an investigation to determine whether State's Attorney McNemar should be held in contempt of court and disbarment proceedings instituted against him in the supreme court. His action followed McNemar's filing of a petition asking other judges of the circuit court to remove Judge Green from the principal court because of alleged unfairness and prejudice in the case of Edgar A. Straus, former president of the State Trust and Savings Bank charged with the murder of Berne M. Mead, cashier of the same institution. Judge Green charges the petition was libellous and reflected on his integrity.

## CONFINED TO TOMBS.

New York, March 11.—In Wilhelm Korthaus, arrested here two weeks ago on a presidential warrant and confined today in the Tombs as a dangerous enemy alien pending a final disposition of his case, federal officials said tonight they believed they had found an agent sent to this country from Brazil in 1914 by the German government. Korthaus was occupying an apartment in this city overlooking the Hudson river where American naval craft were accustomed to anchor. Powerful field glasses and three cameras were found in the apartment.

## HIGH SCHOOL PLAY TONIGHT

"The New Co-Ed", possibly the only dramatic presentation of the students of the Jacksonville High school this year, will be presented this evening by the J. H. S. Dramatic club, under the direction of the new instructor, Miss Fenton. The play, which has a college story setting, will be staged in the David Prince building at eight o'clock. There are eleven young people in the cast proper, while other performers, quartettes, etc., bring the number up to about 22 students taking part in the evening's entertainment.

## WILL MEET WEDNESDAY

The Ladies' Education society will meet with Mrs. W. H. King, 812 West State street, Wednesday afternoon at 3 o'clock.

## For Itching Torture

There is one remedy that seldom fails to  
stop itching torture and relieve skin  
irritation and that makes the skin soft,  
clear and healthy.

Any druggist can supply you with  
zemo, which generally overcomes all  
skin diseases. Acne, eczema, itch, pim-  
ples, rashes, blackheads, in most cases  
give way to zemo. Frequently, minor  
blemishes disappear overnight. Itching  
usually stops instantly. Zemo is a safe,  
antiseptic liquid, clean, easy to use and  
dependable. It costs only 35c; an extra  
large bottle, \$1.00. It will not stain, is  
not greasy or sticky and is positively  
safe for tender, sensitive skins.

## MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a  
Mustard Plaster Without  
the Burn or Sting

Musterole is a clean, white ointment,  
made with the oil of mustard. It does all  
the work of the old-fashioned mustard  
plaster—does it better and does not blister.  
You do not have to bother with a  
cloth. You simply rub it on—and usually  
the pain is gone!

Many doctors and nurses use Musterole  
and recommend it to their patients.

They will gladly tell you what relief it  
gives from sore throat, bronchitis, croup,  
stiff neck, asthma, neuralgia, congestion,  
pleurisy, rheumatism, lumbago, pains  
and aches of the back or joints, sprains,  
sore muscles, bruises, chilblains, frost-  
bites, colds of the chest (it often pre-  
vents pneumonia).

## REV. M. L. PONTIUS TELLS OF WORK AT CAMP LOGAN

Minister of Central Christian Church  
Gives Congregation Experiences in  
Army Work in Texas—Heard by  
Large Congregation—Thinks Moral  
Conditions are Excellent.

Unless Rev. M. L. Pontius is well  
supplied with the virtue of humility  
his head will surely be turned by  
the grand ovation tendered him Sun-  
day evening at the Central Christian  
church when an audience that filled  
the great auditorium including the  
gallery and overflowed into the Sun-  
day school gathered to hear him  
tell of his visit of a month with the  
boys in camp.

A brief outline of his excellent  
address is given.

If the kaiser is as excited as I am  
at this moment there is no doubt but  
that he will surely be licked, (ap-  
plause)

At the last service at which I  
officiated with a union of four  
Christian churches of Houston, I had  
in my audience two Jacksonville  
boys, Jay Rodgers and George Vas-  
concellos and the neither was a  
member of my church they were de-  
vout listeners and I ministered while  
among the boys to more of other de-  
nominations than of my own.

A Wonderful Transformation.

Camp Logan is certainly the re-  
sult of hard work, causing a trans-  
formation almost fairy like in its  
results. When first taken over by  
the government it was a swamp and  
pine thicket but sturdy work of the  
men has transformed it to a place  
of beauty, clean, sanitary and well  
designed for the purposes intended.  
The natural growth has been removed,  
the swamps drained and every-  
thing put in perfect order.

Of course my experience has been  
limited for in one month a person  
can learn but a comparatively small  
amount of what is to be gained  
among the camps. I visited in all  
five camps, three small and two  
large. At Galveston is a camp with  
perhaps 3000 men guarding the sea-  
coast and at Camp Ellington seven  
miles from Houston is an aviation  
department where flying machines  
fill the space above and men are  
daily learning to manage and repair  
the wonderful aerial craft.

Remember, there are 35 camps or  
cantonments in the country. Most  
of my time was spent in Camp  
Logan where there are probably 35-  
000 men and it is a smaller one com-  
pared with many others as some have  
as many as 135,000 in them.

Good Health Prevails.

The health of the soldiers is ex-  
cellent. There is very little tuber-  
culosis, pneumonia or kindred com-  
plaints. There are some cases of  
measles, scarlet fever and the like  
but none serious. In eight months  
there have been but ten deaths from  
natural causes. The base hospital is  
worthy of the highest praise, the doc-  
tors, nurses and all connected with  
it are faithful, kind and competent.

Moral Conditions Good.

The moral conditions are gratify-  
ing. I mingled with all classes and  
didn't let my calling be known as  
I didn't wear a clerical garb and  
so I obtained unbiased information.  
I have been with the boys day and  
night; cafes, club rooms, dance halls,  
the I didn't dance, hotels and else-  
where; in their tents, camp streets,  
negro district in the city and else-  
where and I can truthfully say the  
vast majority are clean and upright,  
giving all friends a just cause for  
pride. In a week the military police,  
the only power which may arrest a  
soldier, took but 339, less than one  
per cent and most of those were for  
trivial offenses. I came across a  
number of Jacksonville boys and they  
compare well with all the others in  
this respect and after studying the  
situation I can say that for moral  
surroundings and general company  
and absence of temptations I would  
rather have a son in Camp Logan  
than in Jacksonville.

Southern Politeness.

I went to the Savoy cafe for a  
dinner and while I was waiting to  
be served a resident of the city came  
and sat at the same table. Wishing  
to be sociable I remarked that it look-  
ed as if we might have some rain.  
He made no reply and I repeated  
the remark when he said, "In Texas  
only newcomers and fools make pre-  
dictions regarding the weather."

I didn't pursue the question farther.

Two Foolish Girls Sidetracked.

One evening I went to a moving  
picture show and in front of me sat  
a soldier and during the evening two  
girls managed to get one on each  
side of him and began to flirt with  
him. He arose in evident disgust  
and left the place. I followed him  
and gave him my card. He said he  
was a single man and not a church  
member but in common with a vast  
majority of the men in camp he had  
only contempt for such girls.

The Soldiers' Greatest Cross.

I have been asked several times  
what is the soldier's greatest cross.  
It is not that he is in the army; not  
that he is likely to go across to

## KEEP LOOKING YOUNG

As Easy—If You Know Dr.  
Edwards' Olive Tablets

The secret of keeping young is to feel  
young—to do this you must watch your  
ver and bowels—there's no need of  
having a sallow complexion—dark rings  
under your eyes—pimples—a bilious  
look in your face—dull eyes with no  
sparkle. Your doctor will tell you ninety  
per cent of all sickness comes from in-  
active bowels and liver.

Dr. Edwards, a well-known physician  
in Ohio, perfected a vegetable com-  
pound mixed with olive oil to act on  
the liver and bowels, which he gave to  
his patients for years.

Dr. Edwards' Olive Tablets, the substi-  
tute for calomel, are gentle in their action  
yet always effective. They bring about  
that exuberance of spirit, that natural  
buoyancy which should be enjoyed by  
everyone, by toning up the liver and clear-  
ing the system of impurities.

You will know Dr. Edwards' Olive Ta-  
blets by their olive color. 10c and 25c per  
box. All druggists.

France and there perhaps lay down  
his life or be wounded; it is not  
undesirable rations or quarters but it  
is the monotony of every day rou-  
tine. No, the boys are eager to get  
across the water and enter the active  
lists but Gen. Bell said he was op-  
posed to taking them there till they  
were properly drilled and equipped  
else they would be in far greater  
danger in every way. One boy re-  
ceived from home \$25.00 and for  
nine successive evenings he went to  
the city, visited the shows, had a  
Turkish bath and fine supper mainly  
for the sake of variety.

If you want to please any you  
know or whose addresses you have  
write frequently; don't tell them  
you are praying for them, they know  
that; don't write anything doleful  
or gloomy but something of home  
life, freaks of the dog or cat, antics  
of the colt, funny sayings of the  
little folks and the like. Never say  
you are crying about him but write  
always in a cheerful vein.

The Red Cross and Y. M. C. A.

Greatest commendation is due the  
Red Cross and Y. M. C. A. There  
have been intimations that funds and  
things sent the boys thru these chan-  
nels don't reach their proper destina-  
tion. That is a German lie. Most  
of the boys have received sweaters  
and nearly all a Christmas box and  
many a poor fellow would have noth-  
ing on the glad holiday but for these  
organizations. The best of men  
serve in the Y and their buildings  
are blessed places where the soldiers  
may enjoy a social time, smoke and  
swap stories, have moving pictures,  
a piano, writing tables and free sta-  
tionery and many things to make  
life pleasant. The local Y in Jack-  
sonville should have \$100,000 en-  
dowment to prepare it for the boys  
at home and the soldier boys who  
are to come home. I found Rev. Mr.  
Miller, formerly pastor of Grace  
church and Harry Pinkerton, both  
busy as bees from early till late serv-  
ing in the Y. Mr. Pinkerton has en-  
tered to go to France and the men  
of the Y don't hesitate to risk life  
and hardship for the cause.

Fatalities Not Great.

I was talking with an old time  
army colonel and he said to me that  
probably not more than two per cent  
of the soldiers are killed and from  
80 to 90 per cent might reasonably  
be expected back from France. One  
man who had suffered much said our  
work would not be done till every  
town in Germany was laid waste,  
every tree cut down, every vestige of  
vegetation obliterated but that is not  
the general sentiment. We must not  
imitate German savagery else we  
shall be no better than they.

I saw a hundred aliens who had  
been culled from the army and sent  
away for treasonable utterances. One  
was obstinate and when told by the  
officer to return his uniform to the  
proper authorities when he reached  
Chicago he impudently replied he  
wouldn't do it. In Germany he would  
have been shot in short order but  
was allowed to go.

If we conquer, as we surely must  
and will, we must not be Huns but  
Christians for to imitate their meth-  
ods would make us the savages they  
are.

A Poem for the Boys.

I have met many who have gone  
down to entertain the boys and one  
very popular, James W. Foley, wrote  
the following which is often called  
for:

This life's a middlin' crooked trail,  
an' after forty year

Of knockin' 'round I'm free to say

Th' right ain't always clear.

I've seen a lot of folks go wrong—

get off the main highroad.

An' fetch up in a swamp somewhere,

almost before they knowed.

I don't pretend to be no judge of

right and wrong in men.

I ain't been perfect all my life, an'

may not be again;

An' when I see a man who looks

as he'd gone astray,

I think perhaps he started right, but

somehow lost his way.

I like to think th' good in folks by

far outweighs the ill;

Th' trail of life is middlin' hard, and

lots of it up hill.

There's places where there ain't no

guides or signboards up, an' so

It's partly guess work an' part luck

which way you chance to go.

I've seen th' trails fork some myself,

an' when I had to choose

I wasn't sure w'hen I struck out if it

was win or lose.

So when I see a man who looks as

tho he'd gone astray

I like to think he started right an'

only lost his way.

I've seen a lot of folks start out with

grit an' spunk to scale

Th' hills that purple over there an'

somehow lose th' trail.

I've seen 'em stop an' start again,

not sure about th' road.

An' found 'em lost on some blind

trail almost before they knowed.

I've seen 'em circlein', tired out, with

every pathway blind.

With cliffs before 'em, mountain high

an' sloughs an' swamps behind,

I've seen 'em stringin' thru th' dusk

when twilight's gettin' gray.

A-lookin' for th' main highroad,

poor chaps who've lost their way

It ain't so far from right to wrong—

th' trail ain't hard to lose.

There's times I'd almost give my

horse to know which one to

choose.

There ain't no signboards on th' road

t' keep you on the track,

Wrong's sometimes white as driven

snow, an' right looks awful

black!

I don't set up to be no judge of right

an' wrong in men.

I've lost the trail sometimes myself

—I may get lost again.

An' when I see some man who looks

as tho he'd gone astray

I want to shove my hand in his an'

help him find th' way.

—James W. Foley.

## "OVER THE TOP" IN ENDOWMENT CAMPAIGN

Announcement Made at Grace Church  
Sunday Night—Fund Will Run  
Over Goal First Set—Over \$2,000  
was Raised By Grace Church.

"Over the top!" This was the an-  
nouncement made last evening by  
Rev. F. B. Madden, pastor of Grace  
church in regard to the Conference  
Claimants' campaign. The raising of  
an endowment fund to adequately  
care for retired ministers, widows of  
ministers and orphan children of  
ministers is engaging the attention  
and effort of the great protestant  
churches at this time. The Protestant  
Episcopal church has just raised  
\$8,000,000. The Presbyterian church  
raised \$10,000,000. The Methodist  
Episcopal church set out to raise  
\$10,000,000 and will probably raise  
\$15,000,000 or \$20,000,000 before  
the work is completed. In the  
Methodist church the work is organ-  
ized and put over by conferences.  
Some of the eastern conferences  
went over more than a year ago.

Campaign Begins Two Years Ago.

The Illinois conference began its  
campaign two years ago last fall by  
the appointment of Rev. Henry C.  
Gibbs as field secretary and by the  
selection of a commission. The plan  
was to raise \$300,000 from the  
charges and at least \$200,000 by be-  
quests, legacies and large individual  
gifts. Each charge is asked to raise  
an amount equal to the cash salary  
of the pastor in 1915. More than  
\$200,000 have already been raised.  
Last year the campaign at Grace  
church was postponed because the  
congregation raised the debt on the  
church. Early this year the official  
board authorized the pastor to invite  
the field secretary to visit the church  
and to plan for a local campaign. Dr.  
Gibbs began work last Friday even-  
ing at the meeting of the official  
board. He and the pastor made a  
still hunt Saturday for gifts and  
went into the service Sunday morn-  
ing with over \$1200 subscribed. After  
a brief, pointed address by Dr.  
Gibbs, Dr. Madden stated the terms  
of the subscriptions—the amount to  
be paid in five equal annual pay-  
ments, the donor to select the date  
of the first payment. Then he ap-  
pointed Dr. J. R. Harker, A. T.  
Capps, J. J. Reeve, H. J. Rodgers,  
Arthur Henderson, Charles Hopper  
and W. B. Rogers, solicitors in the  
various aisles of the auditorium. Dr.  
Madden took charge of a blackboard,  
diagrammed with squares represent-  
ing dollar gifts. H. H. Potter and  
W. C. Green acted as tellers. Dr.  
Gibbs called for subscriptions and  
they were announced so rapidly by  
the solicitors that the tellers were  
kept busy and the blackboard diag-  
ram rapidly melted away. In about  
20 minutes over \$1800 had been  
pledged, including the \$1200 secured  
Saturday.

A Fine Record

On Monday Dr. Gibbs and Dr.  
Madden secured pledges enough to  
put the church "over the top" and  
to provide against any shrinkage  
that might occur due to the five year  
payment. This total includes a few  
gifts that have been promised but  
not yet reported on signed pledge  
cards. It has been a physical impos-  
sibility for the field worker and the  
pastor to call on all the members  
and friends of the church and the  
pastor will be glad to receive sub-  
scriptions at any time for this most  
worthy cause. The campaign has  
been short, strenuous and victorious.  
Before he left the city last evening  
Dr. Gibbs expressed his satisfaction  
with the methods and results and  
highly complimented the people of  
Grace church on their quick, gener-  
ous and gracious response. He said  
the victory was doubly creditable  
coming so soon after the campaign  
by which \$1,000 was raised to pay  
the debt on the church. Pastor and  
people are happy. In fact they are  
a mutual admiration society. The  
pastor is mighty proud of the splen-  
did work and generosity of his con-  
gregation and the people thing that  
Dr. Madden is a star "money extrac-  
tor" as one of the officers phrased it.  
Already they are asking him "what  
next?"

Dr. Gibbs won many friends by his  
most gracious spirit and wise meth-  
ods as well as by his strong evening  
sermon on the law of spiritual dis-  
cernment.

**GIRLS! HAVE A MASS  
OF BEAUTIFUL HAIR,  
SOFT, GLOSSY, WAVY**

A Small Bottle Destroys Dandruff  
and Doubles Beauty of  
Your Hair

Within ten minutes after an application of Danderine you can find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you surely can have plentiful hair and lots of it if you will just try a little Danderine.—Adv.

### BANISH CATARRH

Breathe Hyomei for Two Minutes and  
Stuffed Up Head Will Get  
Relief

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will end a cold in one day, it will relieve you of disgusting sniffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at drugstore everywhere and at the Coover & Shreve Drug Store. If you already own an inhaler you can get an extra bottle of Hyomei at druggists.—Adv.

### OLD PRESCRIPTION FOR WEAK KIDNEYS

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose five cents; also mention the Jacksonville Daily Journal. Large and medium size bottles for sale at all drug stores.—Adv.

### TELLS ABOUT LIVING CONDITIONS IN ENGLAND

Miss Nellie Turnbull Writes to Relatives in This County of Hardships People are Now Meeting.

(From Waverly Journal)  
We are permitted this week to give our readers excerpts from a letter from Miss Nellie S. Turnbull, of Southampton, England, to relatives of our city. Miss Turnbull is a teacher in the Central Girls' School of Southampton, and at regular intervals a worker in the camps where sick or wounded soldiers are billeted on their return from service. Mr. Walter Turnbull, who is a wholesale merchant in London, writes of the air raids as nerve racking in the extreme, the people in constant watchfulness, at the slightest signal seeking cover. Both mention that they hear almost the booming of the great guns on the battle field and write, "you may be glad you are so far from the seat of trouble." Three boys from this family entered service, two of whom "now lie in a recognized burial ground in France." Miss Turnbull's letter in part follows:

"Kelso," Wilton Ave., Southampton, January 25, 1918.

My dear Auntie Meacham:

I guess you think I have forgotten you, but it is not so. I meant writing sooner, but somehow the time slips. I enjoyed your letter, because you seemed to tell me so much news. Oh, it is a heart breaking time for mothers, wives, etc., just now. All round here you see parents, wives and children all looking sad, and no one you meet but have their loved ones away and in most cases have lost them forever in this world. Provisions over here are scarce and we have to be careful in our living. I was able to get two pounds of fresh meat today, the first since the 23rd of December. Since Christmas week the butchers, dairies and butler and cheese stores have only opened for about two hours a day and some days not at all. It seems strange for the head of a store to say, "No butter, lard or cheese this week and only two ounces of tea for you." We who are buying smile and say, "Better luck next week. If you should get cheese of butter try and save me 1-4 of a pound."

Fancy 1-4 pound and for this we go every day so as not to miss a chance. Of course you only get one quarter, a week, so if you get it Tuesday you know it is no good asking again. I expect we will be rationed in a week or two, like we have been for sugar. We get 1-2 pound sugar a head and not a grain more. Where you are a big family this works out fairly well, but being on one now I have to be careful. Raisins, currants, peel, sultanas and such things we have not been able to buy for months and I miss them so in cooking.

No bread is sold under 24 hours old. Pastry shops not allowed to make only plain cookies, no jams or sweets in them. Only plain, unsweetened biscuits to be bought and everything a heavy price. Canned meats were 12c, now 48c. Clothing just the same and very poor material now. Boots that I used to pay 15s or \$4 are now \$9, and not so good. Gloves—I now make my own, stockings I darn and darn and darn. Yet, with all we smile and are happy because our men at the front and over the waters are having no shortage and the best of goods of every kind. Tons of meat of the best are always in our docks waiting to be sent over. You will be sick at reading this I suspect, but you see I have not a big family to write about like you. I hope this reaches you safely. I will now say goodnight, with love to all, from, Nellie.

### LIEUT. GARDNER WOOD VISITS HOME.

Lieut. Gardner Wood and wife left yesterday morning for Champaign after a visit in the city with the gentleman's parents, Mr. and Mrs. Benjamin Wood of this city. In Champaign they will visit Mrs. Wood's parents and she will remain there while her husband returns to Camp Upton, New York. Lieut. Wood is in the engineering corps and there is hint that possibly his command may be called across the water before a long time.

Lawrence Dye of west Walnut street has gone to Springfield to work for the Sangamo Electric company.

### LEMONS BEAUTIFY!

Strain lemon juice well before  
mixing and massage face,  
neck, arms, hands

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness of which it has been robbed by trying atmospheric conditions. Windchafe, roughness, tan and redness are warded off and those tell-tale lines of care or of age are softened away. The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier. About the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach, and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it. Get three ounces of orchard white at any pharmacy and two ounces from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck arms and hands, and see for yourself. Adv.

### TODAY IS CENTENARY OF FAMOUS NAVAL OFFICER

Rear Admiral John L. Worden Born One Hundred Years Ago in Westchester County, N. Y.—Famed as Commander of the Monitor.

Washington, D. C., March 12.—One hundred years ago today, in Westchester County, N. Y., was born Rear Admiral John L. Worden, whose name will ever live in the annals of the United States Navy as the commander of the Monitor in her famous battle with the Merrimac. The success of the Monitor in that historic engagement not only won a long way toward turning the tide of the war in favor of the North, but it revolutionized naval architecture by the introduction of the principle of the revolving turret.

The exact year of Admiral Worden's birth has always been a matter of some dispute. A few of the historians and biographers of the civil war period put down the date as March 12, 1817, but the most reliable authorities of the present day give 1818 as the year of his birth.

Comparatively little is known of the ancestry and boyhood of the celebrated commander. The records show that he was appointed a midshipman in the navy in 1835, attended the naval academy in 1840, and was commissioned a lieutenant in 1846.

At the commencement of the civil war Worden reported at Washington for active sea service. He was sent overland with despatches for the commander of the Federal fleet off Pensacola, and on his return to the North was captured by the Confederates near Montgomery, Ala. A few months later he was paroled and in January, 1862, he again reported at Washington for duty.

#### Given Official Trial.

John Ericsson had just completed his Monitor and the queer little craft had been given an official trial by the Government. When it was decided to put the "cheese box on a raft" into real service the Navy Department selected Worden to be her commander. The young commander lost no time in getting into the thick of affairs. For some months the famous ironclad Merrimac, in the hands of the Confederates, had been playing havoc along the coasts of Virginia and the Carolinas and threatened to wipe out a large part of the Federal navy unless some means were found to effectively check her operations.

When Worden was given command of the Monitor word had just been received of a new and successful raid by the Merrimac. Without taking time to drill the crew at the guns or to become familiar with the working of the turret, he put to sea and proceeded straight to Hampton Roads.

The Monitor arrived at Hampton Roads just in time to witness the destruction of several Federal vessels by the Merrimac. The Confederate gunboat had almost totally demolished the Cumberland and the Congress, and was setting about destroying the other Federal warships, when, on the morning of March 9, the unpretentious little Monitor slipped into the field and making straight for the Merrimac, opened fire.

#### Able to Move Quickly.

The pilot house from which Worden commanded his boat was a square iron structure, so small as to accommodate only three men, the commander, pilot and quarter-master. Worden fought at close quarters, handled his boat skillfully, and availed himself of all the advantages possessed by his little craft. The Monitor was enabled, by the smallness of its size, to move and turn quickly, and its peculiar construction enabled it to approach within very short distance of the enemy without suffering from any return fire.

Altho the Merrimac was not destroyed, she was completely disabled, and the ability of the Monitor to cope with her prevented her prosecuting the campaign that had been planned. The victory of the Monitor not only saved the remainder of the Federal fleet from destruction, but it prevented the European interference which would probably have resulted had the Merrimac proved victorious. Near the close of the engagement Worden met with an accident which for a time threatened him with the loss of his sight. A large shell, striking the pilot house and exploding, blinded him. It was many months before he wholly recovered. Worden was received in Washington as a popular hero. On two occasions he was given a vote of thanks by Congress and was promoted to the ranks of commander and captain.

### HAROLD WELLS WRITES TO PARENTS HERE

Morgan County Soldier Tells About  
Scenes and Conditions in France.

Herewith are a few extracts from a letter written Jan. 30th, by Harold Wells to his parents, Mr. and Mrs. Wm. Wells of Franklin:

"I have been busy almost all the time and like the work. The officers that head the classes are all good men who can explain things so that it generally gets thru my hard block. The work is all interesting and easy. Rapidly I find to be the basis of most all of it."

The weather makes it pleasant to be outside. You can't see much water here after a rain. It hasn't rained here lately and the ground seems to be thawing out. I am sending you a little souvenir to show you I haven't forgotten that you have a birthday March 2nd. I received a box of candy from some of the home girls recently. It was fine. The girls are fine cooks alright but not as fine as you are mother. I'm not flattering, but I think you still hold the record and I can prove it by Dwight. (His brother). I've seen several good looking girls over here but I've never found one that could hold a candle to some of the girls around home. Here they nearly all drink, smoke and swear and make themselves seemingly popular (?) among the U. S. soldiers."

### McCONNELL FUNERAL HELD AT MANCHESTER

Remains of Mrs. Sallie McConnell Brought to Manchester, Wash., for Interment—W. W. Mehroff and Miss Sarah Jones United in Marriage—Manchester News Notes of Interest.

Manchester, March 11.—The remains of Mrs. Sallie McConnell, accompanied by her son, George McConnell, arrived from Aberdeen, Washington, Saturday. Funeral services were conducted from the Presbyterian church Saturday afternoon, Rev. F. T. Peters of the M. E. church officiating. The songs "Some Sweet Day," "Face to Face" and "Going Down the Valley" were rendered by a choir composed of Mrs. J. J. Langdon, Mrs. Alice Wallis, E. L. Maine and Morgan Story. The floral tributes were cared for by Miss Lennie Blevins and Mrs. Claude Heaton. F. O. Van Tuyle, G. D. Barnes, William Mehroff, William Arundell, A. C. Barnes and Henry Heaton acted as bearers. Interment was in Manchester cemetery.

Rev. H. H. Wagner returned to his home in Frankton, Indiana, Saturday after conducting a series of revival services at the M. E. church the past two weeks.

The marriage of Miss Sarah Jones of Murraryville and Welcome W. Mehroff of Manchester was recently announced. The marriage occurred Nov. 18, 1917. Mr. Mehroff is the son of William Mehroff of this place and has for the past several years held the position of night operator for the C. & A. R. R. company at Murraryville.

Marion Nelson of Olney, Ill., spent Sunday with his sister, Mrs. Elmer Cummings.

Mrs. George Davis spent Sunday here with her father, G. D. Barnes and returned to her home in Slater, Mo., Monday.

### ECZEMA CAUSED YEARS OF INTENSE AGONY

"I have suffered intense agony from Eczema on my leg and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of Eczema or itching. You can refer to me."—Geo. C. Talbot, 27 Pendle St., Buxton, N. Y.

I've got a hundred testimonials, says Peterson, just as sincere and honest as this one. Years ago, when I first started to put out PETERSON'S OINTMENT, I made up my mind to give a big box for a small price, and I'm still doing it, as every druggist in the country knows. I guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to every one who buys a box of it is rightly guaranteed for Eczema, Blisters, Salt Rheum, Old Sores, Blind, Bleeding and Itching Piles, Ulcers, Skin Diseases, Chafing, Burns, Scalds and Sunburn, and if not satisfactory any druggist will return your money, 30 cents.

### JUDGE MAKES ERRONEOUS PREDICTION REGARDING LAWYER

"About one clean shirt is all I thought he would ever wear. He had fallen away to a mere shadow; was as yellow as saffron and often doubled up with pain. Doctors continually gave him morphine and were about to operate for gall stones. Mayr's Wonderful Remedy quickly restored him to perfect health again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Coover & Shreve East Side Drug Store.—Adv.

### LIKE ELECTRIC BUTTON ON TOES

Tell Why a Corn is So Painful and  
Says Cutting Makes  
Them Grow

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin. Adv.

### "CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Biliousness, Sour Stomach and Constipation

Get a 10 cent box now. Furred tongue, bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good gentle cleansing, too.—Adv.

Miss Lizzie Mason of Winchester is a guest at the home of Mr. and Mrs. Robert Cooper.

Mrs. Nellie Jones returned to the home of her mother, Mrs. Margaret Wyatt Monday, after a visit with relatives in Jacksonville.

### ASKS DISMISSAL OF PEORIA JUDGE

Peoria, March 10.—Alleging that Judge T. N. Green has shown himself to be unfair and prejudiced against the rights of the people in the case of Edgar A. Strause, former

president of the State Trust and Savings bank, indicted for the murder of Cashier Borne M. Mead, State's Attorney C. E. McNemar today petitioned for the dismissal of Judge Green from the principal circuit court of the March term and "each term thereafter until December, 1920." The petition is directed to Circuit Judges Stone and Niehaus.

The petition is of much length and goes into the entire history of the Strause case from the date of Strause's arrest on Dec. 23 last when he killed Mead. Many instances of

Judge Green's refusal to enter order in the case or to permit Strause to be arraigned or brought to trial are cited, and the charge is made that by his apparent sympathy with the defendant the rights of the people are being trampled upon.

## What's the Difference?

The only difference that shows on the outside is the trade-mark, but that's enough for any wise car-owner.

He knows that it stands for a big difference inside, that it is the mark of Willard Threaded Rubber Insulation, the latest and the greatest improvement in battery construction.

And this means a Still Better Willard Battery, more durable insulation, a more economical battery to own, and unit for unit of electricity, more for his money.

Come in and let us explain more fully the difference between Threaded Rubber Insulation and other kinds. It will pay you.

## Cough Nearly Gone in 24 Hours

That's the usual experience with this home-made remedy. Costs little—try it.

Anyone who tries this pleasant tasting home-made cough syrup, will quickly understand why it is used in more homes in the United States and Canada than any other cough remedy. The way it takes hold of an obstinate cough, giving immediate relief, will make you regret that you never tried it before. It is a truly dependable cough remedy that should be kept handy in every home, to use at the first sign of a cough during the night or day time.

Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and you have a full pint of the most effective remedy you ever used.

The quick, lasting relief you get from this excellent cough syrup will really surprise you. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract and is famous the world over for its healing effect on the membranes.

To avoid disappointment ask for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## MINISTERS HEAR MISS NEVILLE

Member of Illinois Woman's College Faculty Talks to Ministers of City On Modern Methods of Bible Study—Gave Many of Them New Viewpoint of Subject.

The Jacksonville ministerial association met yesterday morning in the Y. M. C. A. building and after routine business had been transacted the ministers heard Miss Neville of the Woman's College on the theme of Bible Study for Freshmen Classes. A short outline of her address is given: The interest of a faithful teacher in a new class is always great, much like that of a minister in a new charge. The teacher takes the growing young minds and it is truly a great responsibility, especially for one who has the chair of biblical literature. The student on entering college comes into a new world, as it were.

In the home life he has generally been restricted in his thinking; he has attended the home church and generally his habits and opinions and ways of thinking have been fixed for him. He is a Methodist because his father was and believes in a certain political party for the same reason and while generally the ideas and opinions are good still they are limited and do not develop the initiative in thought.

The problem of the teacher is to get that student to think consecutively and hard; and follow where that thinking leads. Each student must make a new world for himself. Progress is the law of life. It is not enough for a student to be as good and wise as his father, he should excel his parent.

The important problem of the teacher is to tide the student over the transition period; over science, sociology, theology into his new world, one vastly large and a world which must have seven days in it.

It is not enough to teach other things six days a week and devote part of the seventh to the Bible; the Bible should be studied and kept abreast with all other branches.

The teaching of the English Bible according to modern scientific methods is rather new and the wise teacher must tide the student over the crisis through which he passes as he emerges into the new and larger world so that his faith may not be lost.

The student should be qualified to help make a better world than the one through which he has come to his present estate and in which his parents lived. He must be abreast of the times and equal to leadership.

The wise teacher will try to lead the young minds through the new and progressive ways, scientific study of the Bible and sacred things in such a manner that he may get all that is good in the new manner of thinking and reasoning; all that is good in progress without having his faith in the great fundamentals shaken.

The address was heard with profound interest and a unanimous vote of thanks was tendered the lady for her effort.

## PROGRAM ARRANGED FOR PATRIOTIC FOOD SHOW

Interesting Exhibits Planned by Morgan County Conservation Committee for March 14, 15 and 16 in David Prince Gymnasium.

Arrangements are practically complete for the patriotic food show to be given under the direction of the conservation committee of the national defense council for this county. The exhibit is to be given in the David Prince gymnasium Thursday, Friday and Saturday, March 14, 15 and 16. The program for the three days has been prepared and will be carried out in the main as indicated below. All the sessions are free to the public and it is the expectation that a large number of Morgan county residents will avail themselves of the opportunity to witness the various exhibits included in the show.

Among the exhibits planned will be one on gardening under the direction of the high school boys, including a garden chart which is used by Mrs. H. M. Dunlap in her work in Champaign county. Another exhibit will be a collection of various food substitutes and the use of a wide variety of substitutes for wheat flour, meats and other articles of food will be fully explained. Girls from Illinois Woman's college will give a demonstration of war breads and Illinois college girls will exhibit liberty candies. Girls of the domestic science department of the high school will exhibit corn meal and hot breads and another exhibit will be that of refugee clothing. A canning demonstration will illustrate practical methods in utilizing the surplus from garden and orchard. Altogether the show promises to have much of interest and profit and those who attend will be fully repaid.

The three day program as outlined is as follows:

# Why This New Day Butter We Call

# TROCO

# Has the Real Delicate Butter Flavor

**BECAUSE** it is made by an exclusive process, developed by the makers of Troco, who specialize on this one product only. Others may copy the Troco ingredients, but our perfected method gives the true butter flavor.

Users of butter can change to Troco and never know the difference. Except that one rarely finds butter so delicate, so pure and sweet.

Thus, instead of a butter substitute, Troco is really butter's successor — vegetable butter made from the dainty white meat of coconuts, churned with pasteurized milk.

## Energy Food

Like butter, Troco is energy food that is easily digested and assimilated. The nutritive qualities are the same.

For cooking it has no equal, either from the standpoint of results or economy. It goes farther than butter.

Your dealer will supply you with a capsule of the vegetable coloring used by butter makers if you wish to use it.

## Not Oleomargarine

Every Troco carton is labeled "oleomargarine," because of old laws made before it

was invented. But it contains no animal oils — nothing but pure vegetable fats and pasteurized milk. The Troco Company makes no animal oil products.

## Ask for TROCO by Name

Your dealer has Troco or will get it for you if you order it by name. Our local distributor can fill telephone orders promptly anywhere.

Don't just say "nut butter" or "nut margarine" if you want the quality and the true butter flavor that is to be had in Troco.

## COUNCIL PLACES SPECIAL PETITIONS ON FILE

Proposal for Special Oiling Provision From Tax Levy Brings Split Vote—Department Reports Made.

The city council held the usual weekly session Monday. The main business transacted was the second reading and passage of the tax levy ordinance. This was not without some discussion of the provision for special tax for oiling and grading streets. Mr. Cox was opposed to including this item as the money would not be available until 1919 and he thought it would be possible to oil only a portion of the streets and a great deal of dissatisfaction would result. Mr. Vasconcellos was in favor of carrying out the wishes of Commissioner Cox with reference to all street affairs and so these two commissioners voted against the levy. City Attorney Reeve explained that it would be possible to amend the tax levy by resolution if it was passed upon sometime this month.

**Petitions Received.**  
The petition initiating the ordinance fixing the salary of the mayor at \$900 and commissioners at \$600 was received by the council and placed on file. The same action was taken with reference to the petitions or protests filed referring to the proposed tax for public benefits and the tax for oiling the streets. The signatures on all three documents are practically the same. In the report of departments Mr. Cox spoke of some work in progress in the street department and said it was practically impossible to get much done because of the inability to secure labor in the present state of the city's finances. He mentioned that the feed for seven horses had been charged up against his department in the past whereas two of

these horses are used in the water department. He thought it would be proper for two sevenths of the feeding expense to be charged up now to the water department.

Mr. Vasconcellos told of the difficulties in the endeavor to take care of the Grove and Diamond street water pipes which were frozen and said that an effort was being made to do all of this work with the regular force. The work has been delayed because a number of times after the pipes had seemed to be in good condition new leaks were discovered. It will be his endeavor to replace paving torn up with men from the water department, for, as already indicated, there are no workers available in the street department.

**The Oiling Tax.**  
Commissioner Martin said he had no special "grief" to report and Commissioner Widmayer declared that there was no change in the financial status, that the conditions were just about as bad as they could be. When the petitions were received with reference to abolishing public benefit and street oiling tax Mayor Rodgers said that funds would not be available until 1919, but that it was certainly the wisest policy to arrange for these funds which is to pay the city's part of certain improvements the suits now pending against the city have been withheld and without the money provided by the special tax for street oiling it will be practically impossible to do any work on the streets. He thought that any persons who wanted the tax abolished did not really understand the city's condition. He said that he would admit that it would be better if the general tax were larger and that the state had provided for a \$2.00 tax instead of \$1.20 rather than make special provision for the various special taxes. Be that it may, it is necessary for city councils to take things as they are.

When the tax levy ordinance was read Mr. Cox said that he was in favor of the ordinance except with reference to the tax for street oiling. He said then there were great many objections made to this tax and furthermore that he could see a great deal of trouble for the department in oiling a few streets and leaving others without betterments. He said that if it was going to be done at all it would be much better to have a tractor for the work than to have teams.

**The Tax Levy Ordinance.**  
Mr. Widmayer declared that if Mr. Cox was in charge of the department and did not want the oiling provided that he would be willing to have the special fund stricken but that he did not want to vote against the tax levy ordinance. Mr. Vasconcellos told the view that Mr. Cox should have entire jurisdiction in the matter and that if he did not approve of the special fund it should be taken out of the ordinance. Moreover Mr. Vasconcellos said that he considered the street oiling provision more essential than that for garbage disposal but that he was only seeking to follow the wishes of the commissioner in charge of the street department.

Accordingly when the vote was taken Mr. Cox and Mr. Vasconcellos voted no, Mayor Rodgers, Mr. Martin and Mr. Widmayer in the affirmative. However, Mr. Martin like Mr. Widmayer, expressed some doubt as to the desirability of including the provision for street oiling and it is possible that later an effort may be made to amend the ordinance by resolution.

The council adjourned at 11:45 o'clock.

## CHARLES D. TAYLOR DIES AT ALBUQUERQUE, N. M.

Winchester Resident Passes Away Sunday Morning After Long Illness—Other Items of Interest Regarding Scott County People.

Winchester, March 11.—A message was received here Sunday telling of the death of Charles D. Taylor, which occurred some time Sunday morning, March 10th, at Albuquerque, New Mexico. He had been ill for some months and went to the southwestern country in the hope that the climate might bring about a change in his health. A few days ago the family were apprised of his serious condition and his wife and sister, Miss Jeanette Taylor left yesterday afternoon for Albuquerque. They were too late, however, as they could not have arrived before death came Sunday morning. Deceased is survived by the widow, four daughters, Ella, Margaret, Grace, and Jeanette; three sons, Ray, Henry and Watson, his mother, Mrs. H. D. Taylor, and one sister, Miss Jeanette Taylor. The remains are expected to arrive here Thursday.

**Received Service Flag**  
The pupils of the Winchester High School were pleased Monday to receive a service flag, bearing two stars. The stars represent the two students of the school in the nation's service, Jesse Evans and Joe Cowhick. Both of these lads are now in France.

**Lightning Kills Mule**  
A barn belonging to Cornelius Friend, residing in the levee district was struck by lightning early Sunday morning. While the structure was little damaged, a mule stabled therein was struck and killed.

**Death of Mrs. Belle Coons.**  
Word was received here Monday by D. D. Watt and sister Miss Kate Watt announcing the death of their sister, Mrs. Belle Coons which occurred at her home in California. Mrs. Coons was born and reared in Winchester and was the daughter of the late Mr. and Mrs. David Watt. She leaves two daughters, Mrs. May Wilburn and Mrs. Percy Haley, both of Chicago, and one son in California. Mrs. Coons left Winchester in 1909, when she sold her book store on the east side of the square to M. E. and J. A. Higgins and moved to California. The body will be shipped from the home city Tuesday. Burial will be made at Winchester cemetery.

**Entertain for Daughter**  
Mr. and Mrs. William Taylor entertained a few school girl friends of their daughter, Helen at their home four miles west of here last Thursday in honor of Miss Helen's twelfth birthday. A three course dinner was served, after which games and music made the evening a most pleasant one.

**Glasgow Well Represented**  
In proportion to the number of its inhabitants, the little village of Glasgow is perhaps better represented in the number of its young men in the military service of the United States than any other place in the country. With just a handful of people residing within its confines, Glasgow has sixteen sons in the service. The number was thirteenth up to a few days ago when Theophilus Smith and Dillard Brown were called to fill vacancies in the national army and Lee Price enlisted.

**Suffers Broken Blood Vessel**  
Douglas Tankersley of this place suffered a peculiar and most serious illness last Friday afternoon when at work shucking corn on a farm near here. He was at first affected with what he thought to be a severe case of nose bleed. As the case did not respond to first aid treatment, Dr. Lou Day was called and found that Mr. Tankersley was suffering from a broken blood vessel. Since Sunday afternoon his condition has improved.

**Golden Wedding Anniversary**  
Dr. and Mrs. B. F. Webster entertained about twenty relatives and friends at dinner Saturday in honor of Mrs. Webster's father and mother. Mr. and Mrs. T. B. Smithson on the occasion of their fiftieth wedding anniversary. The company entertained was limited on account of Mr. and Mrs. Smithson not being very well. The two daughters present were Mrs. William Redshaw of west of the city and Mrs. Webster. The home was decorated in gold and white and with cut flowers. Mr. and Mrs. Smithson have been residents of Scott county practically all their lives, residing on a farm until a few years ago when they moved to Winchester. Mrs. Smithson was formerly Miss Mary Leib. They have many friends who extended congratulations.

**Saturday Storm Damage**  
While Winchester was visited by a high wind storm Saturday but little damage was done with the exception of that inflicted on the residence of Mrs. Mary Burns, opposite St. Mark's church. The large chimney on the Burns home was blown over and crushed in the roof, breaking several rafters. The damage will be rather costly to repair.

**News Notes**  
Mrs. Effie McKeene arrived Saturday afternoon from Springfield for a few days visit with her parents, Mr. and Mrs. Peter Obermeyer. A little son of Mrs. Fred Woodall Sunday. Mr. and Mrs. Woodall reside on the Grout farm southeast of Winchester. Miss Gertrude May arrived here from St. Louis today and reopened the library. The building was closed some weeks ago on account of the scarcity of fuel.

Louis Heironymous left Sunday afternoon to return to Camp Zachary Taylor, Ky., after spending a brief furlough with his parents here. Mike Cleary of Jacksonville joined his wife here Sunday at the home of her parents, Mr. and Mrs. Charles Heironymous.

Fred Owings arrived here Saturday afternoon from Camp Dodge on a seven day furlough to visit his parents Mr. and Mrs. George W. Owings. Harry O'Donnell arrived here from

Camp Taylor Saturday. Mrs. O'Donnell, who has been visiting in Springfield returned home Saturday.

J. A. Obermeyer of Jacksonville has returned home after a visit with his parents, Mr. and Mrs. Peter Obermeyer.

Mrs. Elmer McCullough of Riggs-ton was a visitor at the home of her parents, Mr. and Mrs. F. H. Allen, to see her daughter, Alma, who is ill with the measles.

Watson Frost and George McLaughlin returned home Saturday night from a pleasant visit in Florida. The gentlemen have been enjoying the southern climate for several weeks.

Earl Owings arrived Sunday afternoon from Canton to visit his parents, Mr. and Mrs. George O. Owings and to see his brother Fred.

Mr. and Mrs. Earl Nelson and daughter Dorothy left Sunday afternoon for Greenfield to visit at the home of Rev. and Mrs. W. S. Gibson. Mr. Nelson returned to Winchester Sunday evening. Mrs. Nelson and Miss Dorothy will remain for several days visit.

Mr. and Mrs. D. T. Smith spent Sunday afternoon at White Hall with Mr. and Mrs. Clarence Fox.

Mrs. Thomas Richardson and daughter Rhea spent Sunday afternoon with relatives in White Hall.

**W. L. ANDRE WEDDED TO MISS FITZPATRICK**

Ceremony Solemnized at Havana January 28th Just Announced to Friends.

Announcement of the recent marriage of Walter L. Andre and Miss Rose Fitzpatrick will come as an entire surprise to their many friends. These well known young people were married in Havana, Monday, January 28, and did not make their marriage known even to their nearest relatives until yesterday. The stores were closed on the date mentioned and they took advantage of the holiday for their wedding day.

Mrs. Andre has been a resident of Jacksonville several years, having come here from home in Morgan county to take a course at the Jacksonville Business college. Subsequently she became bookkeeper in Miller Bros. store and is now bookkeeper for Cherry & Son.

Mr. Andre, who is a son of Roy L. Andre of Pike county and a nephew of H. M. and G. B. Andre of this city, has been in Jacksonville a number of years. He was associated with the store here and subsequently became manager of the branch store at Bluffs. More recently he has again been in Jacksonville. He went with the first contingent of Morgan county soldiers to Camp Taylor, being ordered in charge of the group, but was subsequently discharged because of continued attacks of rheumatism.

Both of these young people have the very high regard of those who know them well and the somewhat overdue congratulations will be none the less hearty. They are to begin housekeeping at an early date in a South Main street residence.

**FARM NOTES**

These are the days when the farm workers are in demand and already the farmers are learning that they can get ready assistance thru the Morgan county farmers club. Yesterday morning a man applied at the office of the club in the court house and said he wanted to secure a place right away. County Agent Kendall called up a farmer living west of the city whom he knew needed a man badly. The arrangements were made and in the afternoon the man began his work.

Mr. Kendall is now using the telephone in the office of County Clerk Boruff but phones will be installed in his own office very soon and he will then be in better position than ever for keeping in touch with farmers. Several applications for farm workers have already been received and taken care of and it is the intention of the county agent to work out a plan along the same line for the various districts thruout the county. Mr. Kendall recognizes that all the districts in the extreme part of the county are entitled to the same service as that contiguous to Jacksonville.

Altho the office of the county agent in the court house has been open only a few days there have been a great many visitors, most of them farmers who have come in to talk over various farm matters. Other visitors have been men residents in Jacksonville who are directly interested in farming operations. Just now Mr. Kendall is in his office the greater part of the time but it is likely that later on Saturday will be the established office day, as farmers generally seem to expect that will be a day when they can find the county agent in his office. It is probable that later on Mr. Kendall will arrange certain office days at convenient places in other parts of the county. A considerable portion of his time will be taken up in personal visits to farms but the schedule of office days will make him accessible to a larger number at the same time.

## F. H. BODE TO LIVE IN WESTERN STATE

Well Known Wholesale Grocer Will Establish Business in California.

It became known yesterday that F. H. Bode and family will a few months hence remove from Jacksonville to Southern California. Mrs. Bode and children returned about eighteen months ago from a long stay in California and the health of one of the children has made it desirable for them to return to the western climate. It was the intention for the family to go to California about June 1 for a lengthy stay and within the past few weeks Mr. Bode has determined that in order to be with his family he will go into the wholesale grocery business on the coast.

Mr. Bode said last night that he had not intended for his plans to become public at this time as even some of the employees of the Jenkinson-Bode Co. are not yet apprised of his intentions. He will retain his interest here and in Springfield and his associates in the wholesale grocery business in Illinois will also be interested with him in the house to be established in California. The announcement as to the management of the business in Jacksonville has not yet been made public. Mr. Bode is a high class business man who although very busy finds time for interest in public affairs and for that reason his Jacksonville friends will be sorry to know that his present plans call for a change of residence.

**ANNOUNCEMENT.**  
I respectfully announce my candidacy for highway commissioner in Road District No. 9, subject to the decision of the voters of said District at the election Tuesday, April 2. George Wood, Sr.

**EARL READING HOLDS EXALTED POST.**

The current number of the Outlook has a page picture of Earl and Lady Reading, who come to the United States from England. Earl Reading being a British high commissioner and special ambassador to the U. S. As previously mentioned, there is local interest in his appointment because he is a relative of Mrs. J. Herman of this city. The Outlook gives this brief statement with reference to the commissioner and his wife:

"In 1913 the attorney general of the United Kingdom of Great Britain and Ireland, the Rt. Hon. Rufus Daniel Isaacs, was made Lord Chief Justice, the first Jew to hold that exalted office. In 1914 he was raised to the peerage as the first Baron Reading. Now, as Earl Reading, in his fifty eighth year (he was born in London, Oct. 10, 1856,) he is sent to this country as British Ambassador. He married Alice Edith Cohen of London in 1887. They have one son. The official announcement of Earl Reading's appointment says: 'Earl Reading as High Commissioner and Special Ambassador will have full authority over the members of all British missions sent to the United States in connection with the active prosecution of the war, and the labors of such missions will be completely under his direction and control.'"

## LADIES' DEPARTMENT

Many a man has started a checking account for his wife, to teach her banking methods. It is a wise precaution. In these days of uncertainty it is well to guard against the unforeseen.

This bank welcomes Ladies' Checking Accounts. Special attention is given them. The little courtesies like a ladies' waiting room, special ladies' teller, and convenient check books, etc., are afforded of course. Such an account enables a woman to keep an accurate account of her household expenses — to learn banking methods, and often times promotes thrift.

### NEW RULING AS TO CERTAIN MEASURES

State Department Calls Attention to Order With Reference to Boxes and Baskets.

W. H. Stead as director of the department of trade and commerce of the state has recently made public rules with reference to berry boxes, baskets and containers. The letter accompanying the statement mentions that there has been a growing custom in the state to use a so-called "wine quart" container for measurement of the receptacles mentioned and that the ruling is made in order to prevent a continuance of this custom. The new rule, it is understood, will be rigidly enforced by the department for the benefit of the public.

1. All sales of blackberries, blueberries, raspberries, gooseberries, cherries, currants, strawberries, and similar berries, small fruits and vegetables in quantities of one bushel or less, shall be by the bushel, one-half bushel, peck, quart, pint, and one-half pint dry measure.

2. All boxes, baskets, measures and containers sold, used or offered for sale within the state must be of the standard interior capacity of one bushel, one-half bushel, one peck, one-half peck, one-fourth peck, quart, pint, and one-half pint dry measure, to-wit:

a. One-half pint shall contain 16.8 cu. in.

b. One pint shall contain 33.6 cu. in.

c. One quart shall contain 67.2 cu. in.

d. One-fourth peck shall contain 134.4 cu. in.

e. One-half peck shall contain 268.8 cu. in.

f. One peck shall contain 537.6 cu. in.

g. One-half bushel shall contain 1075.2 cu. in.

h. One bushel shall contain 2150.42 cu. in.

Provided, that all growers, shippers, package dealers, wholesalers, retailers, including fruit stand dealers, peddlers, and all others, who have purchased or contracted for wine quart boxes, baskets, measures or containers, in good faith, on or before March 15, 1918, shall be allowed to use them during the year of 1918; provided, that each and every such box, basket, measure and container shall be marked "5-6 quart" with bold face figures and letters of no less than one-half inch in height; and further provided, that this ruling shall not apply to cities, towns or villages where, by ordinance, fruits are required to be sold by standard avoirdupois weight or by commercial count.

Done at Springfield, Illinois, this ninth day of March, A. D. 1918.

WILLIAM H. STEAD

Director of Trade and Commerce.
